Proposed New Uses and / or Uses to be Withdrawn from the Label

In this form, there are several rows that allow you to input for multiple Sites of Use and Pests. For each Site of Use, please use a separate row. However, for each Site of Use, you can list multiple pests.

◉ New	○ Withdrawn	Site of Use	For use in the prairie provinces and Peace River region o British Columbia only
		Pests	Control of annual broadleaf weeds including cleavers, wild buckwheat and chickweed in spring wheat (including durum), spring barley, winter wheat and oats.
