Proposed New Uses and / or Uses to be Withdrawn from the Label

In this form, there are several rows that allow you to input for multiple Sites of Use and Pests. For each Site of Use, please use a separate row. However, for each Site of Use, you can list multiple pests.

◯ New	◉ Withdrawn	Site of Use	Pastures and rangeland grasses
		Pests	Control of broadleaf weeds in cereals, corn, reduced tillage, red fescue, canary seed (Phalaris canariensis), seedling grasses grown for seed and forage and low bush blueberries.
◯ New	◉ Withdrawn	Site of Use	In non-cropland areas such as roadsides, hydro, pipeline and railway rights-of-way, airports, military bases, turf, wasteland and similar non crop land areas.
		Pests	Control of deciduous and coniferous brush species and broadleaf weeds
