

DESCRIPTION Bacteriostatic Solution to treat disposal units for sanitary napkins and tampons. It contains a bacteriostatic solution that will inhibit the growth of odour causing bacteria for a fresh smelling environment. This product is intended for use in collection and disposal systems for sanitary napkins to provide reduction of odour causing microorganisms.

DIRECTIONS This unit is provided for the disposal of sanitary napkins. Lift lid, wrap and place pad or tampon inside unit.

DO NOT EMPTY receptacle. For cleaning the toilet area slide the containers out of the cubicle and return to position when finished. Wipe container lid with a damp cloth to remove any dust or dirt accumulation. Do not remove securing bolts from receptacle. Wear protective equipment to avoid contact with soiled objects.

NOTICE TO USER This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

DISPOSAL: This unit is picked up and disposed in a waste disposal transfer site according to the provincial guidelines. For pick ups please contact the service provider.
