PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Avoid inhaling spray mist or contact with eyes, skin and clothing. May cause irritation to skin or eyes. Wash thoroughly after use and before eating, drinking and smoking. Remove pets and birds and cover fish aquarium before surface applications. Do not apply when weather conditions favour drift. Toxic to bees – Do not spray if bees are present. Do not spray within 15 metres of any body of water. Wear protective gloves & long-sleeved clothing when mixing and applying product and avoid contamination of food, feed, cooking utensils, drinking water or any body of water. Wash contaminated food surfaces, utensils, and clothing with soap and water. Do not use in poultry houses or other animal buildings. This product is highly toxic to fish and crustaceans. Test a small inconspicuous area of the surface to be treated for colour fastness and staining before full application. **KEEP CHILDREN (PEOPLE) AND PETS AWAY FROM TREATED AREA DURING APPLICATION AND UNTIL DRY.**

FIRST AID: If swallowed, call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **If inhaled,** move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor immediately for treatment advice. **If in eyes,** hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If on skin or clothing,** take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. Take container label or product name and P.C.P. Reg. No. with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: Do not reuse empty container; triple rinse container into sprayer and dispose of empty container with household garbage.

KEEP CARTON FOR USE DIRECTIONS

C-I-L® Spiderban® Concentrate IS AN EFFECTIVE PRODUCT TO CONTROL SPIDERS AROUND THE HOME. This product contains Permethrin, a synthetic pyrethroid insecticide of low mammalian toxicity.

DIRECTIONS FOR USE: For use as a spot or crack and crevice treatment to control spiders. For spot application only. Do not use as a space spray or broadcast application indoors or outdoors.

GENERAL DIRECTIONS: (5 mL = 1 teaspoonful)(15 mL = 1 tablespoonful). Dilute 20 mL of product in 1 L of water in a sprayer. Hold sprayer approximately 30 cm from surface being sprayed and spray until wet, ensuring thorough coverage. If re-infestation occurs, repeat applications as necessary. Provide adequate ventilation after indoor use. **KEEP PETS AND CHILDREN AWAY FROM SURFACE UNTIL DRY.**

INDOOR USE: Thoroughly treat cracks, crevices and spots along and behind baseboards, underneath furniture and equipment, around garbage containers, localized areas of floors and floor coverings and other places where spiders hide or are seen. Prior to spraying, test a small area of rugs, carpets, draperies, wallpaper or similar materials that may be stained. Avoid excessive wetting of plastics, rubber and asphalt materials such as tiles and floor coverings.

OUTDOOR USE: Spray outside surfaces of screens, doors, window frames, foundations, patios, light fixtures, underneath eaves troughs and other places where spiders may congregate and enter. **Vinyl and Aluminum Siding:** The application of CIL® Spiderban® Concentrate to vinyl and aluminum siding (particularly lightly colored, aged, weathered or otherwise damaged) may result in staining, bleaching or discoloration. Factors such as extreme heat and direct sunlight can promote damage when using emulsifiable concentrates. Before applying to vinyl or aluminum siding, treat a small area and evaluate 30 minutes later to allow any potential staining to occur. Regardless of the test results, do not apply to vinyl or aluminum siding while exposed to direct sunlight or during the heat of the day.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Avoid inhaling spray mist or contact with eyes, skin and clothing. May cause irritation to skin or eyes. Wash thoroughly after use and before eating, drinking and smoking. Remove pets and birds and cover fish aquarium before surface applications. Do not apply when weather conditions favour drift. Toxic to bees – Do not spray if bees are present. Do not spray within 15 metres of any body of water. Wear protective gloves & long-sleeved clothing when mixing and applying product and avoid contamination of food, feed, cooking utensils, drinking water or any body of water. Wash contaminated food surfaces, utensils, and clothing with soap and water. Do not use in poultry houses or other animal buildings. This product is highly toxic to fish and crustaceans. Test a small inconspicuous area of the surface to be treated for colour fastness and staining before full application. **KEEP CHILDREN (PEOPLE) AND PETS AWAY FROM TREATED AREA DURING APPLICATION AND UNTIL DRY.**
