THE EARWIG DESTROYER

A physical control to which insects cannot built up a resistance

FOR: Earwigs, cockroaches, spiders, wasps, ants, silverfish, crickets, grain insects. This product is odor-free. It does not discolor and is not harmful to animals, fishes, birds or food, if label directions are followed.

DIRECTIONS FOR USE: For use with or without attractants, indoor and outdoor. Remove cap and cut tip of spout to 1 cm (1/4") in diameter. Apply THE EARWIG DESTROYER to cracks and crevices, under and behind household appliances, cupboards, and other places where insects are found. Sprinkle or squeeze bottle to apply into cracks and crevices. When treating surfaces, apply as a thin film at the rate of 500 Grams per 100 sq meters. NOTE: Whenever sprayed, the powder controls insects until it is washed away.

APPLICATION WITHOUT ATTRACTANTS: When crawling over the powder or when contacted directly with the powder, the insect cannot brush it off. The powder cuts through the insects outer layer which leads to a loss of bodily fluids and death. The insect may take up to two days to die.

APPLICATION WITH ATTRACTANTS: When the powder is mixed and applied with attractants, the insect is attracted by the baited powder and tends to ingest it. When it does swallow digestive system is affected. If used bait with attractants suggested, place baited THE EARWIG DESTROYER into cracks and crevices or in discreet piles under and behind appliances, furniture, cupboards and also cover surfaces. Check baits periodically and vacuum or remove if moldy or otherwise spoiled. **SUGGESTED ATTRACTANTS:** (Mix from 25% to 50% of attractant in volume) icing sugar, and/or cereal powder, and/or peanut or other nut powders, and/or powdered dried fruits, and/or powdered yeast, and/or powdered soup mixes, and/or dried egg powder, and/or any other dried powder substance that attracts the insect.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Avoid breathing dust contact with eyes. Wash hands after use. Store this product away from food or feed.

FIRST AID: If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

DISPOSAL: Do not reuse container. When empty, wrap and dispose of with regular household garbage.
