Safer's Flea Soap for Dogs
Revised Label
Back Panel

DIRECTIONS FOR USE: Wet dog thoroughly with water. Pour a little SAFER'S FLEA SOAP into cup of hand, then rub over entire body until a lather is formed. Allow lather to remain for 5 minutes before rinsing. Bath the dog as frequently as required for flea control or grooming. Proper sanitation will help control flea population.

PRECAUTION: KEEP OUT OF REACH OF CHILDREN. Concentrated soap may cause eye irritation. Avoid eye contact.

DISPOSAL: Do not reuse empty container. Wrap empty container and discard in household garbage.

FIRST AID: If in eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.
