**DIRECTIONS FOR USE:** Recommended for use in a handheld pump sprayer, backpack sprayer or as a spot treatment. Kills over-wintering Red Mite, Leafroller, Pear Psylla, Scale and Currant Aphid. May be applied to fruit trees, ornamental trees and shrubs. Do not use on Beech, Butternut, Colorado Blue Spruce, Douglas Fir, Hickory, Holly, Sugar Maple, Japanese Maple, Walnut and Delicious variety of apple. **Rate:** Mix 60 mL (4 tablespoonfuls) in 3 litres of water and mix thoroughly before use. Shake frequently while using. Prepare fresh spray emulsion before each use. Do not store diluted spray. **DO NOT** apply to any body of water. **DO NOT** contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. Avoid application of this product when winds are gusty.

**COMBINATION DORMANT SPRAY:** Fruit trees, roses and deciduous ornamentals. For over-wintering insects (eggs), oystershell scale, San Jose scale, rose scale, black scale as well as over-wintering fungus disease. **Rate:** Mix 120 mL (8 tablespoonfuls) of Wilson® Liquid Lime Sulphur plus 60 mL (4 tablespoonfuls) of Wilson® Dormant Oil Spray in 3 litres of water.

**TIMING:** Apply in early spring when danger of frost is past, before leaf buds show green at tips. Wet all parts of trees thoroughly but do not overspray. Spray on a mild morning to allow mixture to dry quickly. Do not spray during freezing weather. **WARNING:** May cause bark damage on Red Delicious, Empire and Mutsu apple trees.

**PRECAUTIONS:** KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid inhalation of spray mist. Wear a long sleeved shirt, long pants, and shoes and socks during mixing, loading, application, clean-up and repair. Wash hands after use. Do not enter or allow others to enter treated areas during the restricted-entry interval of 12 hours.

**FIRST AID:** This product contains petroleum distillates. **If swallowed**, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person. **If on skin or clothing**, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. **If in eyes**, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If patient is unconscious**, give him/her air and call a poison control centre. Move patient to hospital or doctor's office immediately. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** This product contains petroleum distillates. Vomiting may cause aspiration pneumonia. Treat symptomatically. Use gastric lavages and saline cathartics.

**ENVIRONMENTAL HAZARDS:** Toxic to aquatic organisms. To reduce runoff from treated areas into aquatic habitats avoid application to areas with a moderate to steep slope, compacted soil, or clay. Avoid application when heavy rain is forecast. Contamination of aquatic areas as a result of runoff may be reduced by including a vegetative strip between the treated area and the edge of the water body.

**DISPOSAL:** Dispose of empty container with regular garbage. Do not reuse empty container.
