PRO PYRONIDE® 5 Insecticide, a ready-to-use product, can be applied as a surface or space spray to control flies, tobacco moths, tobacco beetles, Indian meal moths, flour and grain beetles, grain and rice weevils, cockroaches, spiders and silverfish.

DIRECTIONS:

As a space spray, application should be carried out at weekly intervals depending upon the rate of infestation. Apply PRO PYRONIDE 5 Insecticide at a rate of 100-200 mL per 100 m³ using a machine that produces an aerosol mist. When using a thermal fog generator, apply no more than 320 mL/m³. Close all doors and windows and shut off all ventilating systems. Direct spray upwards to all parts of room, especially windows, light sources and other areas where insects are present. Spray only when temperature is less than 32° C. Keep area sealed for at least 30 minutes. DO NOT remain in treated area. Ventilate building for at least 30 minutes before re-entering. Following ventilation, clean up dead insects.

As a surface spray, apply at an even rate of 5 L/100 m². Apply spray into all cracks, crevices, and hiding places such as baseboards, moist areas, openings around sinks, drains and pipes, behind cabinets and storage areas. Spray must contact insects for control.

In food processing plants and food service establishments, apply only when plant is NOT in operation. Remove all food before treatment. Cover all food processing surfaces and thoroughly clean with potable water before resuming operation.

For meat packing plants, treat only when plant is NOT in operation. No exposed meat products, ingredients or packaging materials should be kept in the room. Cover food handling equipment. All treated surfaces that may contact meat or other food products should be washed and rinsed thoroughly with potable water after treatment and before reuse for food processing.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND ANIMALS. Harmful if swallowed, inhaled or absorbed through skin. Avoid inhalation of spray. Wear mask or respirator when applying spray mist. Wear protective clothing. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after use. **PRODUCT CONTAINS PETROLEUM DISTILLATE.** Do not store, pour, or use near open flame. Keep product away from fire, open flame, lighted electric bulbs, and other sources of heat. Do not use this oil based spray on tiled floor surfaces or rubber backed rugs. Do not spray varnished or plastic surfaces. Do not spray within 1 metre of fabric. Toxic to fish. Avoid contamination of food, feed and water supplies.

FIRST AID: If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **If in eyes**, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If swallowed**, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treatment for the various reactions is symptomatic. Danger: this product contains petroleum distillates.

DISPOSAL: Triple- or pressure-rinse the empty container. Add the rinsings to the spray mixture in the tank. Follow provincial instructions for any required additional cleaning of the container prior to its disposal. Make the emptied container unsuitable for further use. Dispose of the container in accordance with provincial requirements. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill and for clean-up of spills.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
