EMERGENCY CONTACT (24 HOURS PER DAY) 800-231-3606

NET CONTENTS: Cylinder : 200 Litres
Tank, Skid Tank, or ISO tank : 1100 Litres to 17000 Litres

FIRST AID

Call poison control center or physician immediately for treatment advice.

Take container, label or product name and Pest Control Product Registration number with you when seeking medical attention.

IF INHALED

- Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

IF ON SKIN OR CLOTHING

- Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for further treatment advice.

IF IN EYES

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for further treatment advice.

IF SWALLOWED

- Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

TOXICOLOGICAL INFORMATION

Liquid **MAGNACIDE™ B Microbiocide Technical** is absorbed by the skin and is particularly irritating to any lesion and to the eyes. The vapors act principally on the mucous membrane of the eyes and respiratory tract. Because of the extreme lachrymatory warning effect, the concentration tolerable by man is far below the minimum lethal concentration. Persons exposed to **MAGNACIDE™ B Microbiocide Technical** vapours have a delayed reaction and experience irritation of the respiratory tract. In severe cases, this may progress to pulmonary edema. If ingested, probable mucosal damage may contraindicate the use of gastric lavage.

Treat exposed area as a chemical burn. Thoroughly flush the eyes with water and treat symptomatically. NEVER GIVE ANYTHING BY MOUTH TO AN UNCONSCIOUS PERSON.

PRECAUTIONS

HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS

KEEP OUT OF REACH OF CHILDREN

FATAL IF SWALLOWED, ABSORBED THROUGH SKIN OR INHALED

CORROSIVE to eyes and skin.

DO NOT get in eyes or on skin or clothing.

DO NOT breathe vapour, mist or spray.

POTENTIAL SKIN SENSITIZER

DO NOT USE IN PRESENCE OF OPEN FLAME OR SPARK

DANGER. EXTREMELY FLAMMABLE. KEEP AWAY FROM FIRE, SPARKS AND HEATED SURFACES. DO NOT USE IF IN THE PRESENCE OF OPEN FLAME OR SPARKS.

When setting up and breaking down application equipment, a full-face purifying respirator with organic vapor (OV) cartridges approved by the National Institute of Occupational Safety and Health (NIOSH) and butyl rubber gloves must be worn. For visual inspection during treatment, chemical splash goggles must be worn. If spilled on clothing, gloves, or shoes, remove them immediately and wash thoroughly with soap and water before reuse. Use with adequate ventilation.

Clean application equipment with large amounts of water after using. If spilled on clothing, gloves, or shoes, remove them immediately and wash thoroughly before reuse.

DANGER: Acrolein, the active ingredient in **MAGNACIDE™ B Microbiocide Technical**, is highly reactive chemically and readily forms polymers. If alkalies (such as ammonia and caustic) or strong acids are brought in contact with the **MAGNACIDE™ B Microbiocide Technical** in a closed system, the product can polymerize with sufficient violence to rupture the container. Do not apply with equipment used for acids and alkalies. Contamination of **MAGNACIDE™ B Microbiocide Technical** with any foreign matter must be avoided.

A supply of 10% soda ash solution should be readily available for neutralizing spilled **MAGNACIDE™ B Microbiocide Technical**. All spills should be confined and neutralized before disposal. Running water should be readily available to wash down the area after neutralization.

ENVIRONMENTAL PRECAUTIONS

This pesticide is toxic to fish and wildlife. Keep out of lakes, streams, or ponds. Fish, shrimp, and crabs will be killed at application rates recommended. Do not apply where they are important resources. Do not apply to natural bodies of water or to water drainage areas where runoff or flooding will contaminate ponds, lakes, streams, tidal marshes, and estuaries. Do not contaminate water by cleaning of equipment or disposal of wastes. Use this product only as specified on the label.

STORAGE OF MAGNACIDE™ B Microbiocide Technical TANKS

Full tanks of **MAGNACIDE™ B Microbiocide Technical** should be stored in a secured well-ventilated area, away from all other chemicals. No alkalies or oxidizing materials should be near. All electrical equipment should be Class 1, Division 2 and properly grounded.

**THIS PRODUCT IS TO BE STORED AND DISPLAYED APART FROM FOOD AND FEED
KEEP AWAY FROM FIRE, SPARKS, AND HEATED SURFACES.**

DISPOSAL

Do not reuse this container for any purpose. For disposal, this container may be returned to the point of purchase (distributor/dealer).

- 1) Close valve, replace plugs, and wire down handles on the cylinder or skid tank and arrange for return to the manufacturer.
- 2) For more information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER

This pest control product is to be used in accordance with the directions on this label. It is an offense under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.

DIRECTIONS FOR USE

MAGNACIDE™ B Microbiocide Technical can only be used in the manufacture of a pesticide which is registered under the *PEST CONTROL PRODUCTS ACT*.
