Bayer CropScience Inc. Suite 100, 3131 114 Ave SE Calgary, AB T2Z 3X2 Phone: 1-888-238-6747 PRECAUTIONS: KEEP OUT OF REACH OF UNAUTHORIZED PERSONNEL. Fatal if swallowed, inhaled or absorbed through the skin. Rapidly absorbed through the skin. Corrosive to eyes. Causes eye damage. Do not get in eyes, on skin or on clothing. Wear natural rubber gloves, protective clothing and goggles or face shield when handling. Wash hands, arms and face thoroughly with soap and water before eating or smoking. Keep all unprotected persons out of operating area.

FIRST AID: IF SWALLOWED, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. IF INHALED, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to mouth, if possible. Call a poison control centre or doctor for further treatment advice. IF ON SKIN OR CLOTHING, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. IF EYES ARE CONTAMINATED, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Atropine is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.

HANDLING OF CONTAMINATED ARTICLES: Clothing and rags receiving undiluted METHAMIDOPHOS Technical Insecticide as a result of leaks, spills, or mishaps should be removed immediately and not reused. These contaminated articles should be disposed of in the same manner as the empty container; see container disposal section for directions. (Contaminated articles which should be discarded would include: hats, gloves, aprons, coats, boots, etc., not made of rubber or coated with rubber or other similar materials). Clothing worn during the course of normal manufacturing activities using METHAMIDOPHOS Technical Insecticide and not directly contaminated by leaks, spills, or other mishaps should be removed and decontaminated before reuse. This clothing can be decontaminated by machine washing separately from other items with soap or detergent and bleach in hot water twice before reuse. Protective clothing and equipment should be washed down with detergent or soap and bleach in water. Wash water from the cleaning of protective clothing or equipment should not be allowed to run off or otherwise enter water supplies.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to birds and other wildlife. Do not discharge into lakes, streams, ponds, or public waters. For further guidance, contact the provincial regulatory agency or the manufacturer.

PESTICIDE DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal and Provincial law. If these wastes cannot be disposed of by use according to label instructions, contact the provincial regulatory agency or the manufacturer.

CONTAINER DISPOSAL: Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For additional details and cleanup of spills, contact the provincial regulatory agency or the manufacturer.

STORAGE: Store in a cool, dry place and in such a manner as to prevent cross-contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area.

CONTAINER HANDLING: Handle and open container in a manner as to prevent spillage. If container is leaking, invert to prevent leakage. If the container is leaking or material spilled for any reason or cause, carefully dam up spilled material to prevent runoff. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Absorb spilled material with absorbing type compounds and dispose of as directed for pesticides above. In spill or leak incidents, keep unauthorized people away.

DIRECTIONS FOR USE

METHAMIDOPHOS Technical Insecticide is to be used only in the manufacture of an insecticide which is registered under the *Pest Control Products Act*.

Detailed information on chemical and physical properties and other formulating recommendations for METHAMIDOPHOS Technical Insecticide are available upon request from Bayer CropScience. Obtain and read this information before undertaking the formulation of METHAMIDOPHOS Technical Insecticide in order to avoid formulation hazards and ensure a satisfactory finished product.

Labelling for products formulated from this technical must conform to that which is currently registered under the *Pest Control Products Act*. For specific information on registered uses, contact Bayer CropScience. Any variance from the registered labelling for products containing methamidophos will have to be supported by data provided by the formulator.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
