**BROAD SPECTRUM LIQUID MICROBICIDE FOR
THE CONTROL OF ALGAE, BACTERIA AND
FUNGI**
* **NON-FOAMING**

DIRECTIONS FOR USE

1) Cooling Tower Systems:

Prior to use in water cooling towers, systems should be cleaned to remove organic, inorganic and microbiological deposits. An initial slug addition of 250 - 500 mL per 10,000 liters of water should then be added to the sump of the cooling water towers. Repeat the initial dosage until control is evident. Subsequent slug additions of 100 to 500 mL per 10,000 liters of water should be added every 2 to 5 days or as needed. The frequency of addition will depend on the relative amount of bleedoff and the severity of the microbiological problem.

2) Petroleum Secondary Recovery Waters:

To control sulfate reducing and iron bacteria add 20 - 30 ppm by weight of water to be treated.

FORMULA 410C ALGAECIDE

LIQUID MICROBICIDE
INDUSTRIAL

READ THE LABEL BEFORE USING

**REGISTRATION NO. : 28156
PEST CONTROL PRODUCTS ACT**

GUARANTEE:

Potassium N-methyldithiocarbamate 10.15 %
Disodium cyanodithioimidocarbonate 7.35 %

DANGER

POISON CORROSIVE

NET CONTENTS: Liters

ENVIRONMENTAL HAZARDS: This product is highly toxic to fish and aquatic invertebrates. Keep out of estuaries, lakes, streams, rivers, or ponds. Do not discharge treated water into these water bodies. Do not contaminate water, food, or feed by storage or disposal.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on this label. It is an offense under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

PRECAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful or fatal if swallowed, inhaled, or absorbed through the skin. Corrosive to eyes and skin. Avoid contact with eyes, skin, clothing, and the contamination of food. Do not inhale. Wear body-protective clothing, chemical-resistant gloves, full-face protection (eg. Faceshield) and safety shoes when handling. Wear a cartridge respirator if the area is not well ventilated and during clean-up, maintenance, and repair activities. Wash hands and face before eating, drinking, smoking, and using the toilet. Keep away from open flame. Keep the container closed when not in use. Skin reddening or blistering may occur if concentrate remains in contact with skin. To maintain product quality, store at a temperature below 60 °C.

FIRST AID

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. DO NOT induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

TOXICOLOGICAL INFORMATION: Note to physician: Probable mucosal damage following ingestion may contraindicate gastric lavage. Treat symptomatically. Avoid giving alcohol or alcohol related products.

DISPOSAL

Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label.
