Net Contents: 3.78 L to 1249 L

Spectrum is a concentrated neutral quaternary sanitizer providing effective bacteriological control in a wide variety of applications. Spectrum is non-corrosive to aluminum, stainless steel, and copper surfaces.

DIRECTIONS FOR USE:

Food Processing Areas: Apply 220 mL/100 L (200 ppm of active quaternary) solution by the most applicable method, i.e. soak, spray, sponge, mop etc. No final potable water rinse is required. Surface must be drained thoroughly.

Meat Packing Areas: Use a 220 mL/100 L solution to provide 200 ppm active quaternary. No final rinse is necessary at this concentration. Surface must be drained thoroughly.

Egg Sanitizing: Use 220 mL/100 L solution to provide 200 ppm active quaternary. No final rinse is necessary at this concentration. **NOTE:** Eggs to be immediately broken for processing egg products in the plant should be subjected to a thorough potable water rinse following treatment. Eggs treated with the product at a higher concentration should also be potable water rinsed.

Final Rinse (3rd Sink) or Bar Glass Sanitizing: Rinse/soak in a 220 mL/100 L solution of Spectrum. No final rinse required. Allow to air dry or drain thoroughly.

NOTE: If a use solution containing higher than 200 ppm active quaternary is employed, all sanitized surfaces must be rinsed well with potable water as a final step.

General Sanitization of Environmental Surfaces: Clean surface with a Diversey cleaner of your choice. Rinse thoroughly with water. Sanitize with a solution containing 625 mL Spectrum/100 L water. Surface must be drained thoroughly.

PRECAUTION: KEEP OUT OF REACH OF CHILDREN. Avoid contamination of food during use or storage. **DANGER** - Corrosive to the eyes. Avoid contact with undiluted product. Wear chemical-resistant gloves, long pants, a long-sleeved shirt and shoes when handling this concentrate.

For Industrial and Food Plant Use.

FIRST AID INSTRUCTIONS: If in eyes, hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control centre or doctor for treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offense under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

DO NOT STORE IN FOOD PROCESSING OR STORAGE AREAS.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. DO NOT discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. The requirements of applicable laws should be determined before using the product.

DISPOSAL: 1. Triple- or pressure-rinse the emptied container. And add the rinsings to the treatment site. 2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal. 3. Make the empty container unsuitable for further use. 4. Dispose of the container in accordance with provincial requirements. 5. For information on the disposal of

unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.
