Atroban®

Insecticide Ear Tag

To control horn flies and reduce
face flies on beef and dairy cattle

GUARANTEE: Permethrin 10% w/w

AGRICULTURAL

REGISTRATION NO. 18145 PEST CONTROL PRODUCTS ACT
READ THE LABEL BEFORE USING
KEEP OUT OF REACH OF CHILDREN

Net Weight: 9.5 grams per tag-Contents: 20 tags.

DIRECTION FOR USE: For season long control of horn flies, attach one tag to one ear of each animal in the herd. For face flies, one tag in each ear is necessary. Apply when flies first appear in the spring. Remove tags at the end of the fly season or before slaughter. No withdrawal period necessary.

APPLICATION PROCEDURE: ATROBAN Ear Tags are applied using the Allflex* tagging system. The ideal position of the male stud is between the second and third radial cartilages, taking care not to penetrate either the radial cartilage or a blood vessel.

PRECAUTIONS: KEEP OUT OF THE REACH OF CHILDREN. Avoid contact with eyes, skin or mouth. Wear gloves during application and wash hands thoroughly after tagging is completed. The insecticide in ATROBAN Ear Tags is highly toxic to fish. Keep out of lakes, streams or ponds.

FIRST AID: If skin or eye irritation occurs, wash immediately with soap and water respectively. If swallowed, do not induce vomiting. Contact physician or a poison control centre immediately. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treatment should be primarily symptomatic and supportive.

STORAGE AND DISPOSAL: Store in a cool place away from direct sunlight. Collect used tags and dispose according to municipal and provincial regulations away from water supply. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
