DIRECTIONS FOR USE:

To be used only in the manufacture of a pesticide which is registered under the Pest Control Products Act.

PRECAUTIONS:

KEEP OUT OF REACH OF UNAUTHORIZED PERSONS.

May be hazardous if swallowed, inhaled or absorbed through the skin. Avoid contact with skin, eyes and clothing. Wash hands thoroughly with soap and water before eating, drinking or smoking and change to clean clothing. Keep away from domestic animals. Do not contaminate any body of water.

FIRST AID: IN CASE OF POISONING: Call a physician or poison control center IMMEDIATELY. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention. IF SWALLOWED: Give the patient one to two glasses of water and cause vomiting by giving one dose (15mL) of

Syrup of Ipecac. If the patient does not vomit within 20 minutes, give a second dose. If Syrup of Ipecac is not available, give the patient one to two glasses of water and cause vomiting by inserting a finger down the throat. Repeat with water until vomit fluid is clear. The patient should be lying down with the head below the level of the feet. Do not try to cause vomiting if the patient is unconscious or in a convulsive state. Get medical attention or contact a poison control center IMMEDIATELY. IF INHALED: Get medical attention or contact a poison control center IMMEDIATELY. IF ON SKIN: Remove contaminated clothing and wash skin thoroughly with soap and water. IF IN EYES: Flush with water for 5 to 10 minutes and obtain medical attention IMMEDIATELY.
