FIRST AID

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IN CASE OF EYE CONTACT: Hold eye open and rinse slowly and gently with water

for 15 minutes. Remove contact lenses, if available and do not rub or otherwise irritate eyes. Continue rinsing.

IF ON SKIN: Wash thoroughly with plenty of soap and water. If clothing becomes wet with a liquid, remove clothing and keep away from fire or heat.

IF ON SURFACE: Remove all traces of the material. Wash thoroughly with plenty of soap and water.

Always use proper cleanup procedures. For more information, contact your local health department or poison control center. For more information, contact your local health department or poison control center.
