Kills Moss on Lawns quickly and effectively. Easy to use. Noncorrosive.
Non-fertilizing.

DIRECTIONS FOR USE: MIXING: For tank sprayers mix 1 part Safer's De-Moss for lawns concentrate with 32 parts water; or 32mL of concentrate per 1000 mL of water. For hose-end sprayers such as Continental's 575 use a No 10 dial setting to deliver approx 32 mL per litre.

APPLICATION: Wet moss and grass before spraying. Spray infected areas thoroughly with mixed solution at approximately 1 litre per square metre. Avoid overlapping spray to eliminate risk of grass damage. Water treated area 1/2 hour after spray application. Dead moss will turn colour after about 1 week and should be raked out. Any spots of living moss found after 4 weeks may be treated again.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Causes eye irritation. Avoid eye contact. May cause skin irritation. Do not apply to foliage of higher plants, shrubs or trees. Treated areas may be temporarily slippery. Do not contaminate productive bodies of water.

FIRST AID: In case of eye contact, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

ENVIRONMENTAL HAZARDS: This product is toxic to aquatic organisms. Do not allow waste water, effluent or runoff containing this product to enter lakes, streams, ponds or other waters.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

DISPOSAL:

Do not reuse empty container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking container to collection site:

1. Triple-or pressure-rinse the empty container. Add the rinsings to the spray mixture in the tank.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

The active ingredients in this product are specially selected soaps. No other pesticides are added.
