<<secondary panel>>

An effective way to kill Tent caterpillars, Gypsy Moths and other garden pests such as ants, aphids, spider mites, fall web worms, on shrubs, evergreens, small trees and flowers. Attaches to any garden hose. Foam tracer shows where you have sprayed to ensure complete coverage. Ready to use – no rinsing – no measuring.

DIRECTIONS FOR USE : HOW TO OPERATE (diagrams may be used to assist user)

1. Unscrew spray head from container. Remove white ring and set aside for storage after use.
2. Screw end of spray head onto hose. Turn on water.
3. TO START, attach can to spray head and tighten until spray turns foamy. Raid® Caterpillar and Gypsy Moth Killer is now working. TO STOP, unscrew can until foam disappears then turn off water.
4. TO STORE, reassemble spray head, white ring and container.

Spray into plants evenly with foam tracer from all directions. Apply to both sides of leaves and areas of plants where insects are suspected. For dense evergreens and shrubs make sure spray reaches interior leaves and branches. Application will be more effective when air is calm. Do not spray when temperature is over 30°C. Repeat application every 7 days or as necessary for control.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. KEEP FROM FREEZING. CONTENTS UNDER PRESSURE. Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture or incinerate container or store at temperatures over 50°C. Avoid contamination of ponds, lakes and streams. Avoid inhalation. Avoid spraying foodstuffs. Do not spray on skin or pets. Wash hands after using.

FIRST AID: If sprayed on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If ingested, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Take container, label and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: Do not reuse empty container. Wrap empty container and discard in household garbage.
