**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

In addition to complying with the mandatory use directions on the label, guidance for plant operations may be obtained by reference to the Environment Canada document: "Recommendations for the Design and Operations of Wood Preservation Facilities."

**DIRECTIONS FOR USE:** To be used only in the manufacture of a pesticide which is registered under the Pest Control Products Act.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND UNAUTHORIZED PERSONNEL.

Toxic if swallowed or inhaled. May cause severe skin or eye irritation. Avoid contact with skin, eyes and clothing. Frequent or prolonged contact with skin may cause pigmentation, blistering, skin irritation. These effects may be aggravated when exposure to creosote vapours or liquid occurs on skin exposed to sunlight. After use, and before eating or smoking, wash thoroughly with soap and water. Keep the container closed

when it is not being used. Do not carry, store, or consume food and drink in areas where creosote is stored. Do not carry or smoke cigarettes in working area. Do not expose cuts or abrasions to creosote solutions. Keep work area well ventilated. Do not use or store near an open flame or sparks. Do not store where heat can become excessive. Do not inhale vapours. This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes.

Wear the following protective equipment in the case of direct contact with creosote. Half mask canister or cartridge-type respirator approved for polynuclear aromatics and organic vapours, coveralls, face shield, impervious gauntlets (long sleeve gloves), impervious apron, head gear and impervious boots. Use barrier creams or sunscreens as appropriate.

**USE PROTECTIVE EQUIPMENT MADE FROM THE FOLLOWING MATERIALS:** Viton, neoprene, butyl rubber, nitrile, polyvinyl chloride, polyvinyl acetate.

**FIRST AID:** Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

## EYE CONTACT:

Hold eye open and rinse slowly and gently with water for 15–20 minutes Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **SKIN OR CLOTHING CONTACT:** 

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

## INHALATION:

Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to mouth, if possible. Call a poison control centre or doctor for further treatment advice. **IF SWALLOWED:** 

Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

**DISPOSAL:** Canadian formulators of this product should dispose of unwanted product and containers in accordance with municipal or provincial regulations. For additional details and the cleanup of spills, contact the provincial
