NET CONTENTS: 208 L

Manufactured by: Bell Laboratories, Inc., 3699 Kinsman Blvd., Madison, WI 53704 USA
Ph.: 608-241-0202

DIRECTIONS FOR USE: Use to formulate into finished baits, registered under the *Pest Control Products Act*, for control of Norway rats, roof rats and house mice.

PRECAUTIONS: PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. Hazards to humans and domestic animals. May be fatal if swallowed. Do not get in eyes or on clothing. Wear a dust respirator, a face shield and rubber gloves. Wash arms and face with soap and water after mixing or handling and before eating or smoking. Repeated exposure to small amounts of this product can produce accumulative toxicity. Persons at risk should have prothrombin times checked periodically. Exposure to Contrac Liquid

Concentrate during pregnancy should be avoided.

FIRST AID

Keep away from children. Do not eat, drink or smoke while using this product. If swallowed, do not induce vomiting. If in eyes, flush with water for 15 minutes. If on skin, wash with soap and water. If on clothing, remove clothing. If inhaled, move to fresh air. For more information, contact your local poison control center or the manufacturer.

For all cases of human ingestion, immediately notify a physician or poison control centre. If pet or livestock poisoning is suspected, immediately contact a veterinarian. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

If swallowed, absorbed or inhaled by humans, domestic animals or pets, this material may reduce the clotting ability of the blood and cause bleeding. Vitamin K₁ in the form of intramuscular or subcutaneous injections, or by oral ingestion are suggested remedial treatments for anticoagulant poisoning. The severity of the case measured by establishing prolonged prothrombin times (P.T.) will determine appropriate therapy. Monitoring P.T. will indicate the necessity of repeated treatments.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Keep out of lakes, streams, or ponds. Do not discharge to surface water, or waste water treatment systems.

STORAGE AND DISPOSAL : Do not contaminate water, food or feed by storage or disposal. Store in a cool, dry place away from other chemicals and food or feed. Store product not in use, in original container, in a secure location inaccessible to children and non-target animals.

DISPOSAL

Canadian manufacturers of this manufacturing concentrate should dispose of unwanted active and containers in accordance with municipal or provincial regulations. For additional details and clean up of spills contact the Provincial Regulatory Agency or the manufacturer.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
