SECONDARY PANEL

USED FOR: Used for effective protection against wood rot, mildew and termites. Useful on outdoor furniture, beams, door sashes, platforms, posts, canvas and rope.

DIRECTIONS FOR USE: FOR THE PRESERVATION OF SEASONED WOOD PRODUCTS. For exterior use only. Not for use in dwellings.

For above ground use only.

Apply by brush only. Do not spray or dip.

Do not use the preservative or treated wood where Copper Naphthenate may contaminate food, feed or drinking water.

Wood surface to be treated should be dry and clean. Remove all paint, varnish, wax or any other coating that may prevent penetration.

Allow to dry thoroughly before painting or re-coating. Use caution with some paint finished as they may cause bleeding.

Use as supplied – do not dilute.

Do not apply to wood or fabric or any surface where prolonged skin contact may occur.

May be used on greenhouse and garden timbers in close contact with non-food producing plants only. Carrier solvent must be allowed to dry before introducing plants to prevent phytotoxicity.

COVERAGE: This products is most effective when applied at a maximum rate of 6-8 square metres per litre.

FOR FABRIC USE: For use only on exterior industrial fabric, duck cloth, awnings, etc.

Do not use on rubber coated fabric.

Apply by brush or swab only. Do not spray or dip.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

Do not use or store near open flame or spark.

Avoid breathing vapours. Harmful if swallowed or inhaled.

Wear rubber or plastic gloves and appropriate covering clothing when applying this product.

Wash thoroughly after use with soap and water and before eating or smoking.

Keep container closed when not in use.

May cause skin irritation. Avoid skin contact.

Do not contaminate bodies of water. This product is toxic to fish.

FIRST AID: If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person. If splashed in eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

In case of skin or clothing contact, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

TOXICOLOGICAL INFORMATION: Contains petroleum distillate and Copper Naphthenate. Treat as for ingestion of kerosene.

DISPOSAL AND STORAGE: Do not reuse empty container. Dispose of empty container in household trash. Store unused product out of reach of children. Do not store in areas subject to excessive heat.
