NABE-M is a broad -spectrum liquid microbicide.

### **DIRECTIONS FOR USE**

NABE-M is for use in manufacturing, formulating, or repackaging. It is to be used for the manufacture of industrial microbicides which are registered under the *Pest Control Products Act*.

NABE-M was developed for use in industrial microorganism control where a mixed microflora is characteristically encountered. It is used for slime control in paper mills and for treatment of secondary recovery water in the petroleum industry.

NABE-M is also used in recirculating commercial and industrial cooling water systems to inhibit the growth of algae, bacteria, and fungi. Information on these and other applications will be furnished when a detailed description of the problem is provided.

### **PRECAUTIONS**

#### **DANGER KEEP OUT OF REACH OF CHILDREN AND/OR UNAUTHORIZED PERSONNEL**

Harmful if swallowed. Wear a long-sleeved shirt, long pant, shoes and socks, chemical-resistant gloves and a NIOSH approved full face respirator during mixing, loading, clean up and repair activities. The use of this product may cause the release of hydrogen cyanide and/or other cyanide compounds. After any exposure, wash promptly and thoroughly with an abrasive soap and cool water and finally with glycerin. Keep the drums closed when not in use. Do not apply this product by open pouring to cooling water systems; a metering pump is required.

### **FIRST AID**

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**Eye exposure:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

**Exposure to skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.□□

**Inhalation:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.□□

**Ingestion:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.□□

**TOXICOLOGICAL INFORMATION:** Note to physician: Probable mucosal damage following ingestion may contraindicate gastric lavage.

**STORAGE**

Keep in original container during storage. Store product in cool, dry, well ventilated place away from seed, feed, fertilizer, or other pesticides. Keep away from fire or open flame, or other source of heat.

**DECONTAMINATION AND DISPOSAL**

Canadian formulators of this technical should dispose of unwanted active and containers in accordance with municipal or provincial regulations. For additional details and clean up of spills, contact the provincial regulatory agency or the manufacturer.
