NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

FIRST AID

If a known exposure occurs or is suspected, IMMEDIATELY start the procedures given below. If further treatment is required, contact a Poison Control Centre, a physician, or the nearest hospital.

If Swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

For Eye Contact: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

For Skin or Clothing Contact: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN AND UNAUTHORIZED PERSONNEL. HARMFUL IF SWALLOWED. Avoid contact with skin, eyes and clothing. Wear goggles, rubber gloves and appropriate protective clothing when handling. Wash thoroughly with soap and water after use.

ENVIRONMENTAL PRECAUTIONS

Keep out of lakes, streams and ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

TOXICOLOGICAL INFORMATION

2024-1378
2024-06-04

Treat symptomatically.

STORAGE

Exercise due caution to prevent damage to or leakage from the container. Store in a cool, dry, well-ventilated area away from flammable materials, sources of heat and flame, and foodstuffs.

SPILL HANDLING

Make sure all personnel involved with spill are aware of the hazards associated with this material. A small spill can be handled routinely considering the physical and hazardous properties of the product as well as the location of the spill.

Use adequate ventilation and wear an air-supplied respirator to prevent inhalation contact. Wear protective clothing and goggles to prevent skin and eye contact. Sweep up the powder, being careful not to create a dust. Place sweepings in an open drum. Cover the contaminated area with a common household granular detergent. Using a stiff brush, work the detergent into the spill material using sufficient water to form a slurry. Brush the slurry into cracks and crevices, and allow to stand for 2 to 3 minutes. Be careful to completely avoid skin or eye contact; do not splatter one's self or bystanders. Spread a suitable absorbent such as clay on the slurried liquid and shovel the absorbed material into an open drum. Repeat if necessary.

Flush the area with water, while observing proper environmental precautions. Seal drum and dispose of contaminated material in accordance with municipal or provincial recommendations.

DISPOSAL

Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of spill, and for clean-up of spills..

DIRECTIONS FOR USE

To be used only in the manufacture of a pesticide which is registered under the Pest Control Products Act.
