DOMESTIC

READ THE LABEL BEFORE USING

KEEP OUT OF REACH OF CHILDREN

REG. NO. 19583 P.C.P. ACT

NET CONTENTS: 71 g, 10 coils

Distributed by S. C. Johnson and Son, Limited,

Brantford, ON, Canada N3T 5R1
800-558-5566

Repels and Kills Mosquitoes For outdoor use only.

GUARANTEE: D-cis, trans allethrin 0.3%

DIRECTIONS: Use only out of doors in confined areas such as porches, covered patios and other areas where there is little movement of air. Take one printed circuit coil and light the outer end of the black line. When a sustained glow is obtained, blow out the flame. Place the coil onto the enclosed fibre glass mat in the aluminum coated box liner. The coil will burn safely on the fibre glass mat. For greater protection, light two ends at once. Place coils as required at 2.5 to 3 metre intervals (1 coil per 30 m³ of confined space). Each coil burns for approximately 8 hours if one end is lit. Store in a dry place.

DISPOSAL: Do not reuse empty container. Wrap empty container and dispose of in household garbage.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Do not touch lit end. Do not place in direct contact with flammable surfaces. Avoid inhalation of smoke. Do not use in restaurants. Cover exposed food or feed to avoid contamination.

FIRST AID: If contact with coils or smoke causes irritation, or if ingested, call a physician or contact Poison Control Centre. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.
