All formulated and re-packed end-use products made from this product must be given an expiry date not later than the expiry date above.

### **FIRST AID**

**IF SWALLOWED:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

### **DIRECTIONS FOR USE**

To be used only in manufacture of an insecticide that is registered under the Pest Control Products Act.

### **PRECAUTIONS**

**HAZARDS TO HUMANS & DOMESTIC ANIMALS.** Harmful by swallowing, inhalation or skin contact. Avoid breathing mist. Avoid contact with skin. Wash thoroughly after handling. Change contaminated clothing. Do not contaminate food or feed products.

### **TOXICOLOGICAL INFORMATION**

This material is a cholinesterase inhibitor. Treat symptomatically. Atropine is antidote.

### **ENVIRONMENTAL HAZARDS**

This product is toxic to fish. Keep out of lakes, streams, ponds, tidal marshes and estuaries. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

### **STORAGE**

Do not contaminate water, food, or feed by storage or disposal.

Keep in original container during storage. Store product in a cool (< 23°C), dry, well ventilated place away from seed, fertilizer, or other pesticides. Keep away from fire, open flame or other source of heat. It should never be heated above 55 degrees C (131 degrees F), and also local heating above this temperature should be avoided. Do not use after the expiry date given on the primary panel.

### **DECONTAMINATION AND DISPOSAL**

Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations.

2020-06-12  
Sub.No.2020-1059

For additional details and cleanup of spills, contact the provincial regulatory agency or the manufacturer.

**NOTICE TO USER:**

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
