WARNING:

Direct tablet contact may cause bleaching of vinyl or painted pool surfaces. Automatic feeding devices employing HILITE 90 T Technical Active must be totally free from traces of other sanitizers to avoid the probability of an explosion.

DIRECTIONS FOR USE:

To be used only in the manufacture of a pesticide which is registered under the **PEST CONTROL PRODUCT ACT**.

PRECAUTIONS:

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. Dangerous gas formed when mixed with acid. Do not mix with any other chemical. Strong oxidizing agent. May cause fire or explosion if contaminated. **CORROSIVE** to eyes and skin. **DO NOT** get in eyes or on skin. Harmful or fatal if swallowed. Keep container closed and store in a cool, dry location. Rinse thoroughly before discarding. Do not re-use.

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.
If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. Call a poison control centre or doctor for treatment advice.
If in eyes: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.
Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offense under the **PEST CONTROL PRODUCTS ACT** to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to person or property that arises from any such use of this product.

DISPOSAL:

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean up of spills, contact the manufacturer or the provincial regulatory agency.
