**REGISTRATION NO. : 17573**  
**PEST CONTROL PRODUCTS ACT**

**GUARANTEE:**

2,2-Dibromo-3-Nitrilopropionamide ..... 5.0% (by weight)

**WARNING**

**POISON**

**POTENTIAL SKIN SENSITIZER**

NET CONTENTS: Litres

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. Do not contaminate water, food, or feed by storage or disposal.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

Busan 96 is a broad spectrum liquid microbicide.

### **DIRECTIONS FOR USE**

For all uses, additions should be made with a metering pump either continuously or intermittently.

#### **PULP AND PAPER MILLS**

For the control of slime, add Busan 96 at a rate of 0.30 to 1.00 Kilogram (250 to 875 ml) per tonne of pulp or paper produced (on a dry basis).

#### **COOLING WATER SYSTEMS**

This product is for recirculating water systems only.

**For the control of algae and fungi in commercial and industrial cooling water systems**, add Busan 96 as follows:

Initial dose: 200 to 380 mL per 1000 L of water in total system.

Daily maintenance dose: 125 to 380 mL per 1000 L of water in total system.

**For the control of bacteria in commercial and industrial cooling water systems**, add Busan 96 as follows:

Initial dose: 20 to 40 mL per 1000 L of water in total system.

Maintenance dose: Every 4 days or as needed; 10 to 40 mL per 1000 L of water in total system.

#### **ENHANCED OIL RECOVERY**

To control bacteria and fungi in oil field water, polymer or micellar floods and water disposal systems, use 4 to 320 ppm.

### **PRECAUTIONS**

#### **DANGER KEEP OUT OF REACH OF CHILDREN**

DANGER: POTENTIAL SKIN SENSITIZER. Causes severe burns of eyes. May burn the skin. May be harmful or fatal if swallowed. Workmen handling the product should wear chemical resistant gloves, safety glasses or a face shield. After any exposure, wash promptly and thoroughly with an abrasive soap and cool water and finally with glycerin. Wear a long-sleeve shirt, long pants and shoes plus socks when handling. Contact of the product with clothing or skin should be avoided. Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing immediately if pesticide comes in contact with skin through soaked clothing or spills. Then wash skin thoroughly and put on clean clothing. Wash contaminated clothing separate from other laundry prior to reuse. Users should remove protective clothing immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Keep the container closed when not in use. Do not reuse the container. To maintain product quality, store at a temperature below 60°C.

## **FIRST AID**

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**Eye exposure:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

**Skin or clothing exposure:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

**Inhalation:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

**Ingestion:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**TOXICOLOGICAL INFORMATION:** Note to physician: Probable mucosal damage following ingestion may contraindicate gastric lavage.

## **DISPOSAL**

Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

For information on disposal of unused, unwanted product, contact the manufacturer or the Provincial Regulatory Agency. Contact the manufacturer and the Provincial Regulatory Agency in case of a spill, and for clean-up of spills.
