POAST is a registered trademark of BASF SE, used with permission by BASF Canada Inc.
BASF POAST Herbicide Manufacturing Concentrate is registered for formulating purposes only.
Consult the labels of the finished product for specific information on respective registered use directions and precautions.

DIRECTIONS FOR USE

To be used only in the manufacture of a herbicide which is registered under the *Pest Control Products Act*.

LIMITATIONS

Do not apply directly as is to crops.

PRECAUTIONS

KEEP OUT OF REACH OF UNAUTHORIZED PERSONNEL.

Avoid contact with eyes, skin and clothing. Harmful if swallowed. May cause eye or skin irritation. Do not inhale vapours. Wash well after handling and before eating, drinking and smoking. Wash contaminated clothing with soap and water before re-use. Do not wear contaminated shoes.

Do not store near seed, fertilizer, insecticides or fungicides.

This product is toxic to aquatic organisms. Do not contaminate irrigation water, lakes, streams or ponds by cleaning of equipment or disposal of wastes.

Keep in original container during storage. Store product in cool, dry, well ventilated place away from seed, fertilizer or other pesticides. Keep away from fire or open flame or other sources of heat. Keep free of moisture in tightly sealed containers.

FIRST AID

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Treat symptomatically. This product contains petroleum distillates. Vomiting may cause aspiration pneumonia.

DECONTAMINATION OF FIRE

For spills, wear appropriate safety equipment. Absorb spilled product with inert substance such as sawdust or sand. Wash spill area with detergent solution.

If involved in fire, use water fog, foam, CO₂, or dry chemical extinguishing media. Noxious fumes may be produced under fire conditions; wear self-contained breathing apparatus. Prevent water used in fire fighting from entering public water supplies.

DISPOSAL

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean-up of spills, contact the manufacturer or the provincial regulatory agency.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
