ACTIVE INGREDIENT: PERMETHRIN..... 0.25%

REG. NO. 22253 P.C.P. ACT

350 mL - 1 Litre

Registrant: Jesmond Holding AG, Baarerstrasse 8, Zug 6300 Switzerland

Agent : Nortek Inc., 4 Sulkara Court, Toronto ON, M4A 2G9
866-670-2958

Secondary Display Panel:

DIRECTIONS FOR USE: **BUG KILL** is ready to use. Its special formula is nonstaining, and has no conspicuous odour. Water, not petroleum distillate is used as the diluent.
SHAKE WELL BEFORE USING.

Bug Kill is to be used:

INSIDE BUILDINGS to kill ants, cockroaches, brown and American dog ticks, house flies, silverfish, sowbugs and spiders.

ON INDOOR ORNAMENTAL PLANTS to control aphids and whitefly.

ON OUTDOOR ORNAMENTAL PLANT to control aphids, thrips, and leafhoppers.

Restrictions:

DO NOT apply to any body of water, nor contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

Avoid application of this product when winds are gusty.

DO NOT contaminate food/feed, nor apply to surfaces that may come into contact with food/feed.

DO NOT apply when people, pets or livestock are present, nor allow people, pets or livestock to enter treated areas until sprays have dried.

DO NOT allow spray to drip or allow drift onto non-target surfaces.

DO NOT apply to people, pets, livestock or sources of electricity.

DO NOT apply to furniture (excluding bookcases and storage furniture), mattresses, linens, toys or clothing.

When applied indoors, DO NOT apply to overhead areas or in confined spaces (for example, attics, crawlspaces).

When applied indoors, ventilate treated areas after application by opening windows and doors or using fans, where required, to aid in the circulation of air.

DO NOT apply in areas where plants are grown for food or feed (e.g., vegetables, fruit, herbs).

DO NOT apply as a space spray or broadcast application.

How to Apply:

DO NOT APPLY AS A SPACE SPRAY OR BROADCAST APPLICATION.

Apply as a crack and crevice or spot treatment only.

Spot treatment is localized to surface area not more than 0.2 m². Spots are not to be adjoining and the combined area of spots is not to exceed 10% of the total surface area of a room. Crack and crevice is an application directly into narrow openings on the surface of the structure. It does not include the treatment of exposed surfaces. Narrow openings typically occur at expansion joints, utility entry points and along baseboards and mouldings.

Instructions for inside buildings:

To Kill Ants, Cockroaches, Silverfish, Sowbugs & Spiders; Thoroughly treat inside building surfaces, including cracks, crevices in walls, floors and ceilings; along and behind baseboards; around water pipes and tanks; walls behind and floors beneath appliances (e.g., refrigerators and stoves) and

furniture (e.g., shelves, drawers, cabinets and storage units); around sinks, drains and pipes;; around garbage containers; around interior foundations; localized area around garbage cans; localized areas of floors and floor coverings and points of entry (e.g., around windows and doors). For silverfish, also spray the cracks and crevices in bookcases. Remove all objects before treatment of bookcases where books, clothing, toys, towels and other items are stored. Treated bookcases must be dry before replacing stored items.

For ants, also spray trails and nests. Treatment must only be repeated after 7 days if pest problem persists or reoccurs.

To Kill House Flies: Spot treatment only. Spray inside building surfaces around points of entry (e.g., screen frames, doors and window frames), around light fixtures and to localized areas of walls, floors and ceilings. Treatment must only be repeated after 7 days if pest problem persists or reoccurs

To Kill Fleas And American and Brown Dog Ticks: DO NOT apply to furniture, mattresses, linens, toys or clothing. Apply to indoor building surfaces, including cracks and crevices in walls and floors, along and behind baseboards, window and door frames, and localized areas of floor and floor coverings. Spot treatment may be made with this product to pet bedding, or replaced with clean, fresh bedding after other listed areas are treated. Treatment must only be repeated after 7 days if pest problem persists or reoccurs. DO NOT SPRAY PETS WITH THIS PRODUCT.

INDOOR ORNAMENTAL PLANTS: DO NOT use on greenhouse ornamental plants. DO NOT apply to plants grown for food or feed. Controls aphids and whiteflies on indoor ornamental plants. Safe to use on most ornamental plants. Before treating delicate ornamental plants such as Coleus and African Violet, spray 1 or 2 leaves. If no effect is noticed after 2 days, it is safe to treat whole plant. Wet upper and lower surfaces thoroughly. Do not spray to run-off. Treatment must only be repeated after 7 days if pest problem persists or reoccurs. DO NOT exceed 2 applications per year.

OUTDOOR ORNAMENTAL PLANTS: Toxic to bees. Do not apply during bloom. DO NOT apply to plants grown for food or feed. Controls aphids, thrips, and leafhoppers on outdoor ornamental plants. Wet upper and lower leaf surfaces thoroughly. Do not spray to run-off. Spray when listed insects are first noticed. Treatment must only be repeated after 7 days if pest problem persists or reoccurs. DO NOT exceed 2 applications per year.

PRECAUTIONS: KEEP OUT OF THE REACH OF CHILDREN. Wash thoroughly before eating, drinking and smoking. Remove fish bowls and aquariums from the treated area.

ENVIRONMENTAL PRECAUTIONS:

PMRA Approved v2
2020-0056
2020-09-24

Toxic to aquatic organisms, birds, bees and beneficial insects. Avoid spraying when bees are foraging. Spray deposit should be dry before bees commence foraging in treated crop.

FIRST AID: If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF ON SKIN OR CLOTHING, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF SWALLOWED, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

STORAGE: Keep product in original container. Store in a cool, dry place away from food.

TOXICOLOGICAL INFORMATION: Treat symptomatically. This product contains petroleum distillate.

DISPOSAL: Do not re-use empty container. Wrap empty container and dispose in household garbage.
