**CONCENTRATE** 

Woodstream Canada Corporation Unit 1, 25 Bramtree Court Brampton, ON L6S 6G2 Tel: (800) 800-1819 Safer's End-All II Miticide Insecticide Acaricide Concentrate is a fast- acting, short-lived product for the control of all stages of insects. When insects appear, spray all plant parts including upper and lower leaf surfaces. Hold container upright when spraying. Insects must be sprayed to be killed.

**DIRECTIONS FOR MIXING:** Add 50 mL of Safer's End-All II Miticide/Insecticide/Acaricide concentrate to 1 litre of water. Mix thoroughly. Apply using any standard hand-held trigger sprayers, hand sprayers or backpack sprayers.

## **DIRECTIONS:**

## GENERAL USE DIRECTIONS

When listed pests first appear, spray to thoroughly cover all foliage, including upper and lower leaf surfaces until damp. **DO NOT** wet plants to the point of runoff or drip. To enhance effectiveness of this product, apply directly to the listed pests where possible. **DO NOT** exceed 65 mL of diluted spray/m<sup>2</sup>. Treatment must only be repeated after 10 days if pest problem persists or reoccurs.

## FOR USE ON INDOOR ORNAMENTAL HOUSEPLANTS

To control Aphids, Whitefly, Scale, Spider mites, Mealybugs: DO NOT apply to houseplants grown for food or feed (e.g., herbs).

## FOR USE ON GREENHOUSE ORNAMENTAL PLANTS AND GREENHOUSE PEPPERS

To control Aphids, Whitefly, Scale, Spider mites, Mealybugs: DO NOT use in commercial greenhouses. The product may be applied to greenhouse peppers up to the day before harvest. Wash peppers before consuming.

# FOR OUTDOOR USE ON PEAR TREES, TOMATOES, BEANS, OUTDOOR ORNAMENTAL PLANTS AND TURF AROUND BUILDINGS

To control Aphids, Leafhoppers, Earwigs, Whitefly, Chinch bug on pear trees, tomatoes, beans and outdoor ornamental plants: Apply in early morning or evening – not in direct sunlight. Spray only when air is still and temperature is below 28°C. The product may be applied to pear trees, tomatoes and beans up to the day before harvest. Wash listed produce before consuming Use with caution on new growth and on tender young plants and foliage. Test on one or two leaves to determine safety.

**To control cinch bug on turf:** Thorough coverage is essential to effectively control these pests. One litre of spray solution will provide approximately 17 square metres of coverage, depending on the severity of the pest problem. **DO NOT** exceed 149 mL of diluted spray/m<sup>2</sup>.

# **USE LIMITATIONS**

- **DO NOT** apply to any body of water.
- **DO NOT** contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.
- Avoid application of this product when winds are gusty.

# PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Product can

cause skin and eye irritation. Avoid contact with skin and eyes. **DO NOT** apply using stationary or handheld fogging or misting equipment. **DO NOT** apply as a space spray. **DO NOT** apply to blossoms or when temperatures exceed 28° C. **DO NOT** spray plants in direct sunlight. **DO NOT** use on sweetpeas, nasturtiums, delicate ferns or impatiens. Schizanthus may be sensitive to foliar spraying. If in doubt about a sensitive species, perform a small-scale test spray before treating the entire plant.

## **ENVIRONMENTAL PRECAUTIONS**

Toxic to aquatic organisms. Toxic to bees. Avoid application around blooming plants. If applications must be made during the blooming period, restrict applications to evening when most bees are not

foraging. Toxic to beneficial arthropods (which may include predatory and parasitic insects, spiders, and mites). Minimize exposure to non-target areas. **DO NOT** apply where runoff may occur.

## FIRST AID:

**IF SWALLOWED:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. **DO NOT** induce vomiting unless told to do so by a poison control centre or doctor. **DO NOT** give anything by mouth to an unconscious person.

**IF ON SKIN/CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferable mouth-to-mouth if possible. Call poison control center or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

## **STORAGE:**

Store this product away from food or feed.

**DISPOSAL: DO NOT** reuse empty container. Dispose in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

**TOXICOLOGICAL INFORMATION:** Skin exposure may cause transient sensations (tingling, burning, itching, numbness. Other symptoms of exposure could include respiratory effects (such as cough, respiratory irritation, or shortness of breath), nausea, headache or dizziness). Treat symptomatically.

**NOTICE TO USER**: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
