MTC-10WB-CW LIQUID MICROBICIDE is a water based broad spectrum liquid microbicide.

DIRECTIONS FOR USE

RECIRCULATING COOLING WATER SYSTEMS

For the control of algae, bacteria and fungi in commercial and industrial cooling water systems, add **MTC-10WB-CW LIQUID MICROBICIDE** as follows:

Initial dose: 40 - 50 mL per 1,000 L of water in the system.

Maintenance dose: Every 2 to 5 days or as needed, 5 to 25 mL per 1,000 L of water in the system.

PRECAUTIONS

DANGER KEEP OUT OF REACH OF CHILDREN

DANGER: POTENTIAL SKIN SENSITIZER. Corrosive, causes eye and skin damage. Harmful if swallowed. Wear a full-face NIOSH-approved respirator, chemical-resistant gloves, long pants, a long-sleeved shirt, shoes plus socks and, a chemical-resistant apron and safety glasses or face shield during mixing/loading, clean-up and repair activities. Avoid contact with eyes, skin, clothing, or the contamination of food. Avoid breathing vapors. Users should wash hands before eating, drinking, chewing gum, and when using tobacco or the toilet. Keep away from open flame. Users should remove clothing/protective equipment immediately if this product comes in contact with the skin through soaked clothing or spills. Then, thoroughly wash the skin and put on a clean clothing. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with the concentrate of this product. Do not re-use them. Keep the container closed when not in use. Do not reuse the container. Destroy when empty.

Do not apply by open pouring of the liquid to cooling water systems; a metering pump is required for this use.

FIRST AID

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

Eye exposure: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Skin or clothes exposure: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

Inhalation: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Ingestion: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

TOXICOLOGICAL INFORMATION: Note to physician: Probable mucosal damage following ingestion may contraindicate gastric lavage.

DISPOSAL

Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

For information on disposal of unused, unwanted product, contact the manufacturer or the Provincial Regulatory Agency. Contact the manufacturer and the Provincial Regulatory Agency in case of a spill, and for clean-up of spills.
