DIRECTIONS FOR USE

PAPER MILLS

Dosage will vary from 0.1 to 0.6 kg. (0.08 litres to 0.5 litres) of **AQUATREAT SDM** per ton of finished paper depending on the type of stock, complexity of the system, quality of raw water, and type and degree of contamination.

AQUATREAT SDM may be drip fed continuously from the drum or fed by suitable chemical pumps such as adjustable proportioning types; variable speed, positive displacement types; or by the reciprocating type. This product should be fed as early as possible in the system at such points including the hydropulper, machine chest or broke system.

DO NOT use to treat paper or paperboard which will contact food.

DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

PRECAUTIONS

KEEP OUT OF REACH OF UNAUTHORIZED PERSONNEL

Harmful if swallowed. CORROSIVE to the eye. DO NOT get in eyes. May irritate the skin. Avoid contact with skin. Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Wear long-sleeved shirt, long pants, chemical-resistant gloves, protective eyewear (goggles or face shield) when handling the product, clean-up and repair activities. Avoid contamination of food and feedstuffs.

DISPOSAL

1. Triple or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill.

ENVIRONMENTAL HAZARDS:

Toxic to aquatic organisms.

FIRST AID

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. Remove and wash contaminated clothing before reuse.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for treatment advice.

In case of contact with eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

A. Symptoms of SDDC Poisoning:

May cause skin and eye irritations. May cause depression, lethargy and difficulty breathing.

B. Antidote:

2012-3305

2013-05-07

Wash skin with soap and water. Flush eyes with copious amounts of water.

If substantial amounts of SDDC have been recently ingested, the stomach should be emptied by gastric intubation, aspiration and lavage, after all measures have been taken to protect the airway. **If small amounts have been ingested and/or several hours have elapsed since ingestion**, charcoal and a cathartic should be administered orally.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
