DIRECTIONS FOR USE

Paper Mills

The water soluble packs should be used at least once a day at 30-50 grams per tonne of dry paper produced. Cut or tear open the outer bag to expel the water soluble pack into the system at a convenient point.

Cooling Towers, Heat Exchangers, Condensers, Air Washers

Prior to use, systems should be cleaned to remove organic, inorganic and microbiological deposits. An initial slug addition (shock) of 100 ppm based on the water content of the system is recommended. Repeat the initial dosage until microbial activity control is evident. Subsequent additions of 15 to 50 ppm should be made every 1 to 5 days or as needed. Cut or tear open the outer bag to expel the water soluble pack directly into the sump of the system at a convenient point. Note: For air washers use only in systems equipped with effective mist eliminating components.

Oilfield Application

Use 100 ppm active ingredient based on the water content of the system until control is achieved. Maintenance dosage is 10-25 ppm. Cut or tear open the outer bag to expel the water soluble pack into the system in the areas as specified in the following:

Gas Wells: Introduce through wellhead valving system in order to drop product down tubing.

Oil Wells: Drop down tubing when sucker rods are pulled.

Storage Tanks: Drop through thief hatch.

Leather Industry

Busan 1228SP Granular Microbicide can be added to brine curing solutions as a preservative at the rates of 100 to 500 ppm as active ingredient Bronopol.

Note: This box contains ____ water soluble packs containing 5 kg of active ingredient.

PRECAUTIONS

DANGER KEEP OUT OF REACH OF CHILDREN

Corrosive to eyes and skin. Fatal if swallowed. POTENTIAL SKIN SENSITIZER. Do not swallow. Do not inhale dust. Do not get in eyes, on skin or clothing. Avoid contamination of food. Wear goggles or a face shield, chemical-resistant gloves, long pants, a long-sleeved shirt, shoes and socks during mixing/loading, clean-up and repair. Formaldehyde can be released during use of this product. It is recommended that this product not be used in circumstances that would result in formaldehyde air concentrations in the workplace exceeding the exposure levels established by occupational health and safety authorities in your jurisdiction. If values exceed this level, it is recommended that NIOSH approved respiratory protection be worn. Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing/protective equipment immediately if pesticide comes in contact with skin through soaked clothing or spills. Then, wash skin thoroughly and put on clean clothing and required protective equipment prior to resuming your previous work activity. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

FIRST AID

Eye exposure: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Skin or clothing exposure: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

Inhalation: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Ingestion: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Note to physician: This product is corrosive. Probable mucosal damage following ingestion may contraindicate gastric lavage. This product may produce a sensitization response or an allergic reaction in some individuals.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

DISPOSAL

Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.
