For best results, use with other GLB® pool care products.

For clear pool water, follow our 3 step pool care program:

Step 1: Chlorinate

Step 2: Shock Treat

Step 3: Prevent Algae

Note: It is recommended that water be balanced before following this 3-step process.

DIRECTIONS FOR USE:

1. Initial dosage for pool water having no visible algae is 70 mL of ALGIMYCIN POLY 60 per 10,000 litres of pool water.
2. Weekly maintenance dosage is 25 mL per 10,000 litres of water.
3. For pool water having visible algae, superchlorinate following label instructions of superchlorination product employed and wait for at least 24 hours before adding weekly maintenance dosage.
4. For visible algae growth, when superchlorination is not employed, add 100 mL of ALGIMYCIN POLY 60 per 10,000 litres of pool water.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Do not mix with any other chemical. Harmful if swallowed. Avoid contact with skin and eyes.

FIRST AID:

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control centre or doctor for treatment advice. **If on skin or clothing:**

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. **If inhaled:**

Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control

centre or doctor for further treatment advice. **If swallowed:** Call a poison control

centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre

or doctor. Do not give anything by mouth to an unconscious person.

TOXICOLOGICAL INFORMATION: Note to physician: Probable mucosal damage following ingestion may contraindicate gastric lavage.

DISPOSAL:

Do not reuse empty container. Wrap empty container and discard in household garbage. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

ENVIRONMENTAL HAZARDS:

Toxic to aquatic organisms.
