PRECAUTION STATEMENTS

- KEEP OUT OF REACH OF CHILDREN.
- Dangerous gas formed when mixed with acid.
- Do not mix with any other chemical.
- Strong oxidizing agent. May cause fire or explosion if contaminated.
- CORROSIVE to the eye. DO NOT get in eyes.
- CORROSIVE to skin. DO NOT get on skin.
- May be fatal if swallowed.
- Harmful if inhaled. Avoid breathing dusts and fumes.
- Wear long-sleeved, long pants, chemical-resistant gloves, protective eyewear (goggles or face shield), socks and shoes when handling this product.

ENVIRONMENTAL PRECAUTIONARY STATEMENT

Toxic to aquatic organisms. This registration is granted under the *Pest Control Products Act* and does not exempt the user from any other legislative requirements. Use of this product and management of any resulting discharge or release of effluents containing this products must also be in accordance with the Fisheries Act and with other applicable federal or provincial legislation. Consult with provincial regulatory authorities on any authorizations or other requirements for use of this product and the management of any resulting discharge or release of effluents containing this product.

DISPOSAL

1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
 3. Make the empty container unsuitable for further use.
 4. Dispose of the container in accordance with provincial requirements.
5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

FIRST AID

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

IN IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Treat symptomatically.

2023-6212
2024-06-07

DIRECTIONS FOR USE

WARNING: Automatic feeding devices employing these tablets must be totally free from traces of other sanitizers to avoid the probability of an explosion.

1. Bio-Sanitizer® tablets are only to be used in automatic feeding devices designed for wastewater sanitation.
2. Fill and adjust feeding device according to manufacturer's recommendations, and monitor chlorine residual/coliform level as required by applicable regulatory agency.
3. On the average, satisfactory disinfection of secondary wastewater effluent can be obtained when the chlorine residual is 0.5 ppm after 15 minutes contact. Although the chlorine residual is the critical factor in disinfection, the importance of correlating chlorine residual with bacteria kill must be emphasized.

STORAGE

- Store this product away from food or feed.
- Keep container closed and store in a cool, dry location.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
