WARNING
CORROSIVE

POTENTIAL SKIN SENSITIZER

- BROAD SPECTRUM LIQUID MICROBIOCIDE FOR THE CONTROL OF ALGAE, BACTERIA AND FUNGI
- NON FOAMING
- EFFECTIVE AT BOTH ACID AND ALKLINE pH

DIRECTIONS FOR USE

1.) Recirculating Cooling Tower Systems: Prior to use in water cooling towers, systems should be cleaned to remove bulk organic, inorganic and microbiological deposits. An initial slug addition of 5.3 kg to 12.5 kg per 10 metric tonnes of water should then be added to the sump of the cooling water towers. Repeat the initial dosage until control is evident. Subsequent slug additions of 0.9 to 4.4 kg per 10 metric tonnes of water should be added every 2 to 5 days or as needed. The frequency of addition will depend on the relative amount of bleedoff and the severity of the microbiological problem.

2.) Industrial Air Washing systems: Prior to use in air washers, systems should be cleaned to remove bulk organic, inorganic and microbiological deposits. An initial slug addition of 5.3 kg to 12.5 kg per 10 metric tonnes of water should be added to the sump or the

water collector trays. Repeat the initial dosage until control is evident. Subsequent slug additions of 0.9 to 4.4 kg per 10 metric tonnes of water should be added every 1 to 5 days or as needed. The frequency of addition will depend on the relative amount of bleedoff and the severity of the microbiological problem. For use only in systems equipped with effective mist eliminating components.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Product Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

PRECAUTIONS

- POTENTIAL SKIN SENSITIZER
- AVOID CONTAMINATION OF FOOD
- HARMFUL IF SWALLOWED
- KEEP OUT OF REACH OF CHILDREN

Do not get in eyes, on skin, or on clothing. Do not swallow. Avoid breathing vapours and spray mists. Wash skin thoroughly with soap and water after handling. Remove contaminated clothing and wash separately from other laundry before reuse.

Wear long pants, a long-sleeved shirt, chemical-resistant gloves, a full face NIOSH-approved respirator and chemical-resistant apron during mixing/loading, clean up and repair.

FIRST AID

Eye exposure: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Skin exposure: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

Inhalation: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Ingestion: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Note to physician: Probable mucosal damage following ingestion may contraindicate gastric lavage. Treat symptomatically.

DISPOSAL

- Triple-or pressure-rinse the empty container. Add the rinsings to the treatment site.
- Follow provincial instruction for any required additional cleaning of the container prior to its disposal.
- Make the empty container unsuitable for further use.
- Dispose of the container in accordance with provincial requirements.
- For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill and for clean –up of spills.
