DIRECTIONS FOR USE

To be used only in the manufacture of insecticides/miticides registered under the *Pest Control Products Act* or in the formulation or repackaging of a pest control product solely for export from Canada.

PRECAUTIONS

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. Potential skin sensitizer. May be harmful if absorbed through the skin. Do not get in eyes, on skin, or on clothing. Avoid contamination of food. Repeated skin contact may cause an allergic reaction. DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans, or other waters.

FIRST AID

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

ENVIRONMENTAL HAZARDS

TOXIC to aquatic organisms.

TOXICOLOGICAL INFORMATION

Amitraz acts primarily as an alpha 2-adrenergic receptor agonist. Symptoms of poisoning may include central nervous system depression (drowsiness, dizziness, decreased heart rate), skin irritation, eye irritation, and transient skin flushing. Phenotolamine and yohimbine may be useful as antidotes.

DISPOSAL AND DECONTAMINATION

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean up of spills, contact the manufacturer or the provincial regulatory agency.

STORAGE

Store in original container, tightly closed, and in a dry place. Do not contaminate water, food, seeds or feed by storage.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent
