Net Contents:

#### **DIRECTIONS FOR USE:**

For control of bacteria in oil field water systems. Slug feed at 100 to 400 ppm of EC6223A, 1 to 8 hours per day, 1 to 7 times per week. Use at 30 to 100 ppm of EC6223A for continuous feed applications. Apply the product using a closed delivery system such as a dry coupling and/or metering pump.

#### **DISPOSAL:**

- 1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
- 2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
- 3. Make the empty container unsuitable for further use.
- 4. Dispose of the container in accordance with provincial requirements.
- 5. For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

#### PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Toxic gases will form upon combustion. Keep container closed when not in use. Provide general dilution ventilation using explosion-proof equipment. Wear goggles and face shield, chemical-resistant gloves, long pants, a long-sleeve shirt, and shoes and socks when handling. Corrosive to eyes and skin. Avoid getting in eyes, nose or skin.

#### IN CASE OF FIRE OR SPILL:

FIRE: Use water spray to cool surfaces, protect personnel and disperse unignited vapours. Shut off fuel to fire. Let fire burn out under controlled conditions or extinguish with alcohol foam or dry chemical. Cover liquid spills with foam. Breathing and eye protection required for fire fighting. SPILL: Contain, recover and dispose of spilled material using appropriate techniques and according to regulations.

#### TOXICOLOGICAL INFORMATION:

Treat symptomatically.

#### FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label, or product name and Pest Control Product Registration number with you when seeking medical attention.

#### **ENVIRONMENTAL HAZARDS:**

Toxic to birds. Toxic to aquatic organisms. DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters.

#### NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
