PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN AND UNAUTHORIZED PERSONNEL

HARMFUL IF INHALED OR SWALLOWED, IRRITATING TO EYES, NOSE, THROAT AND SKIN. AVOID BREATHING VAPOUR. DO NOT GET IN EYES, ON SKIN, OR ON CLOTHING.

Use a respirator approved for protection against pesticide inhalation. Wear rubber gloves, protective clothing and goggles or face shield.

Wash hands, arms and face thoroughly with soap and water after handling and before eating or smoking. Routinely shower or bathe after work and wash all clothing with soap and hot water before reusing. In case of contact, immediately remove contaminated clothing and wash thoroughly with soap and water.

Do not transport or store VAPAM Technical with any food or feed intended for human or animal consumption.

Keep container tightly closed when not in use.

Keep children and pets away from treated area.

FIRST AID

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Vapours and aerosols can irritate eyes, nose and respiratory passages. Treat symptomatically. No other adverse clinical effects have been associated with exposure to VAPAM.

For further information see the Product Safety Information Sheet for VAPAM Technical as issued by AMVAC.

EMERGENCY TELEPHONE NUMBER

All hours, 1-323-264-3910 for medical information, for transportation 1-800-424-9300.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams and ponds. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this product only as specified on the label.

DIRECTIONS FOR USE

To be used only in the manufacture of a product which is registered under the Pest Control Products Act.

STORAGE AND DISPOSAL

PROHIBITIONS:

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container for any other use.

STORAGE:

Keep container tightly closed when not in use. Do not store near seeds, fertilizers or foodstuffs.

Protect from temperatures below -17°C . Product crystallizes at lower temperatures. Warm or store at higher temperatures and mix to re-dissolve crystal and assure uniformity before use. (Do not warm above 30°C).

DISPOSAL:

For disposal, this container may be returned to the point of purchase (distributor /dealer). It must be refilled by the distributor/dealer with the same product. Do not reuse this container for any other purpose.

Canadian formulators of this technical should dispose of unwanted active and containers in accordance with municipal or provincial regulations. For additional details and cleanup of spills, contact the provincial regulatory agency or the manufacturer.

SPILL AND CLEANUP

Make sure all personnel involved in the spill cleanup follow good industrial hygiene practices. Any person entering either a significant spill area or an unknown concentration of a vapour or mist should use a positive pressure, self-contained breathing apparatus or a positive pressure, air-supplied respirator with escape pack. Small spills can be handled routinely. Use adequate ventilation and/or wear a NIOSH- approved pesticide respirator to prevent inhalation exposure. Wear protective clothing to prevent skin and eye contact. Use the following procedures: Absorb spillage with an absorbent. Sweep up spilled material being careful not to create dust. Place sweepings in a chemical waste container for disposal. Generously cover contaminated area with a slurry of common, powdered, household laundry detergent and water.

Using a stiff brush, work the slurry into cracks and crevices. Allow to stand for 2-3 minutes then flush with water. Repeat if necessary. Dispose of all wastes in accordance with instructions in the DISPOSAL statement above. Large spills should be handled according to a predetermined plan. Contact United Agri Products for assistance.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.
