This product is a conditioning shampoo that contains Pyrethrins for effective flea and American and brown dog tick control. Coconut oil derived ingredients in this formula cleans gently, highlights all colors and makes white sparkle.

The protein and lanolin in this shampoo help condition skin and coat, prevent dryness and give the coat body and a deep down luster and sheen. Coat dries smooth, manageable and tangle-free.

pH balanced, mild rinses out completely, leaving the coat smelling fresh and clean.

DIRECTIONS FOR USE: Do not administer by mouth.

Wet animal thoroughly. Apply shampoo working lather thoroughly down to skin from head to tail. Pay special attention to neck and hindquarters. Do not treat eyes, face or genitals of pet. Allow lather to remain for 5 - 10 minutes. Rinse well and dry. Treatment must only be repeated if pest problem reoccurs. For effective flea and tick control, treatment of the pet should be combined with sanitation of any area used by the pet. Vacuum floors, carpets and furniture (discard vacuum bag after use) and wash the pet's bedding, living quarters and surrounding areas. If pest problems persist, an insecticidal premis treatment may be required. A veterinarian should be consulted when pest infestation continues to be a problem on the pet. Do not use solely as a shampoo when there is no pest problem.

PRECAUTIONS:

HUMANS: KEEP OUT OF REACH OF CHILREN. Do not contaminate food or feed. Wash hands after use. Avoid contact with pet until dry.

PETS: Keep away from animal's eyes and mouth. Do not use on nursing females or animals under 12 weeks of age. Do not use on sick animals or animals under drug or insecticide treatment. Consult a veterinarian before using on pregnant or aged animals.

FIRST AID:

HUMANS: Call a poison control center or doctor immediately for treatment advice. Take container, label or product name and Pest Control product Registration Number with you when seeking medical attention. If swallowed: Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes. If in eyes: Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

PETS: Sensitivities may occur after using any pesticide for pets. If signs of sensitivity occur, bathe the pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

TOXICOLOGICAL INFORMATION: This product contains petroleum distillate. Vomiting may cause aspiration pneumonia. Treat symptomatically.

DISPOSAL: Do not reuse container. Wrap and dispose of empty container with household garbage. Don't just groom – Bio-Groom – your dogs and cats are worth it.
