BACK/SIDE PANEL

DIRECTIONS FOR USE:

Do not use in food handling, storage or preparation areas while food is present. Application as broadcast, perimeter/spot, and crack and crevice is permitted.

1. Kills fleas and ticks living in carpets and upholstery.
2. Press out plastic seal in top.
3. Turn top to desired opening.
4. Shake powder lightly over entire carpet or area to be treated. 45.4g of product is sufficient to treat one square meter of carpet. Do not use on wet surface.
5. Leave powder on for two hours, while ensuring to keep children and pets off treated surfaces.
6. Vacuum treated area thoroughly to remove powder (and dead pests). Discard vacuum bag.

ENVIRONMENTAL HAZARDS

Toxic to aquatic organisms.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Keep children and pets out of room during application and off treated surfaces until vacuumed. Avoid contact with skin and eyes. May cause eye irritation. After using, wash hands with soap and water.

DO NOT TREAT PETS WITH THIS PRODUCT: For effective flea and tick control, pets should be treated with a registered flea and tick control product designed for use on pets and treatment of the pet should be combined with the sanitation of any area used by the pet. Vacuum floors, carpets, furniture (discard vacuum bag after use) and wash pet's bedding, living quarters, and surrounding areas prior to treatment with this product.

FIRST AID:

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label, or product name and P.C.P. Registration Number with you when seeking medical or veterinary attention.

TOXICOLOGICAL INFORMATION:

Treat Symptomatically

DISPOSAL: Do not reuse empty container. Wrap and dispose of empty container with household garbage.
