Clean Air™ Purge® is designed for use in Automatic Dispensers. The Automatic Dispenser releases a metered dose of 53 mg of insecticide at 15 minute intervals. For control of flies, gnats, mosquitoes and small flying moths in areas listed on front panel. Each can contains enough product to protect an area of at least 170m³ of free flow air space for 30 days.

Directions for Use

Remove protective cap from top of can and insert can into special Automatic Aerosol Dispenser. Place Dispenser 2-3 meters above floor at a point where airflow will carry insecticide throughout the area. Do not install directly over food or food packaging surfaces.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. In meat packing plants, spray only when plant is not in operation. No exposed meat products, ingredients or packaging materials may be left in the room. Cover food handling equipment. Any treated surfaces that may contact meat food products should be washed and rinsed thoroughly with potable water after spraying and before reuse for meat processing. Do not use in nurseries or rooms where infants, ill or aged persons are confined. Contents under pressure. Container may explode if heated. Do not use in presence of open flame or sparks, or expose to temperatures above 50°C. Do not puncture or incinerate. Avoid contact with skin and direct inhalation of spray mist. Wash after using. Contents toxic to fish and birds. Do not contaminate food, feed or water. Do not install directly over polished plastic or varnished surfaces.

DISPOSAL: When container is empty, press valve to release all remaining pressure. Dispose of empty container in accordance with provincial requirements.

FIRST AID: In case of contact with eyes or skin, flush with clean water. If irritation persists, seek medical attention at once. If accidentally swallowed, seek medical attention at once.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
