DIRECTIONS FOR USE: To be used only in the manufacture of a microbiocide which is registered under the Pest Control Products Act. Formulators are responsible for their own registrations.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.

BTC 65 is a cationic germicide.

BTC 65 in recommended use dilution is non-corrosive to inanimate hard surfaces.

DO NOT MIX WITH SOAP OR ANIONIC MATERIALS.

FISH & WILDLIFE PRECAUTION: This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment or disposal of waste.

DISPOSAL

Canadian manufacturers of this technical should dispose of unwanted ingredients and containers in accordance with municipal or provincial regulations. For additional details and the cleanup of spills, contact the provincial regulatory agency or the manufacturer.

STORAGE: Store in dry place no lower in temperature than 10 deg C or higher than 50 deg C.

PRECAUTION: PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. Fatal or poisonous if swallowed. Harmful or fatal if absorbed through the skin. Corrosive to the eyes and skin. **DO NOT** get in eyes, on skin, or on clothing. May be fatal if inhaled. **DO NOT** inhale. Wear glasses or face shield and rubber gloves when handling.

FIRST-AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Probable mucosal damage may contraindicate the use of gastric lavage. Measure against circulatory shock, respiratory depression and convulsion may be needed. Avoid alcohol.
