**PRECAUTIONS**

KEEP OUT OF REACH OF CHILDREN

May irritate the skin. Avoid contact with the skin. Ensure proper ventilation of the work areas used for painting and drying.

Wear goggles, long pants, a long-sleeved shirt and shoes plus socks during mixing/loading, application, clean-up and repair. In addition, wear chemical-resistant gloves during mixing/loading, clean-up and repair.

Remove personal protective equipment immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

Remove clothing/personal protective equipment immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Discard clothing and other absorbent material that have been drenched or heavily contaminated with the product's concentrate. Do not reuse them.

For cleaning/maintaining personal protective equipment, use detergent and hot water. Keep and wash personal protective equipment separately from other laundry.

Wash hands after handling, after work, and before eating, drinking, chewing gum, using tobacco or using the toilet.

Wash the outside of gloves before removing.

#### **FIRST AID**

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for further treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

#### **TOXICOLOGICAL INFORMATION**

No specific antidote. Supportive care. Treatment should be based on the judgment of the physician in response to the reactions of the patient.

## **ENVIRONMENTAL HAZARDS**

This product contains a petroleum distillate, which is moderately to highly toxic to aquatic organisms. Do not contaminate water bodies with contents or containers.

## **STORAGE**

Store Root Trim in original containers in a secure, dry and well ventilated facility. Do not contaminate water, food or feed by storage or disposal.

Treated tree seedling containers must be stored away from exposure to rain and snow. Store containers under sheltered conditions such as in a warehouse or waterproof covering.

The active ingredient in Root Trim, copper oxychloride, is corrosive to metals such as mild steel, iron and aluminum.

## **DISPOSAL**

1. Follow provincial instructions for any required cleaning of the container prior to its disposal.
2. Make the empty container unsuitable for further use.
3. Dispose of container in accordance with provincial requirements.

## **DISPOSAL OF UNUSED, UNWANTED PRODUCT**

For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill and for clean-up of spills.

## **GENERAL INFORMATION**

Root Trim inhibits growth of roots. Copper, the active ingredient in Root Trim, prevents or slows down cell division in the root tips when they come into contact with the treated interior wall of tree seedling containers. Root Trim prevents root spiraling of container grown root stock and aids in the development of a more natural root system.

## **DIRECTIONS FOR USE**

Root Trim is registered for use only by Beaver Plastics Ltd. In the production of COPPERBLOCK tree seedling containers.

**DO NOT** apply this product in a way that will contact workers or bystanders, either directly or through drift. Only protected handlers may be in the area during application.

**DO NOT** contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

**DO NOT** apply this product directly to freshwater habitats (such as lakes, rivers, sloughs, ponds, prairie potholes, creeks, marshes, streams, reservoirs and wetlands), or estuarine/marine habitats.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
