DIRECTIONS FOR USE:

This product is to be used only in the manufacture of a pesticide which is registered under the PEST CONTROL PRODUCTS ACT. Formulators are responsible for their own registrations.

This product should **not** be used or compounded with any reducing or oxidizing agents (such as calcium hypochlorite, solid perchlorate or nitric acid) since such mixtures may be explosive. Do not use in conjunction with soap or any anionic wetting agent. Wear goggles or face shield, rubber gloves and respirator if mist is generated. Under certain conditions, the use of protective creams may be advisable. Wash thoroughly after handling.

PRECAUTIONS:

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. CORROSIVE. Causes eye and skin damage. Do not get in eyes, on skin or on clothing. Harmful or fatal if swallowed. Do not swallow. Wash thoroughly with soap and water after handling. Avoid contamination of food. Do not inhale aerosol or vapours. Wear goggles or face shield, rubber gloves and respirator if mist is generated. Under certain conditions, the use of protective creams may be advisable.

FIRST AID:

If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If swallowed, call a poison control centre or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed. Avoid alcohol.

STORAGE:

Do not use or store near heat or flame. Do not contaminate water, food, or feed by storage or disposal. Do not store on side.

DISPOSAL:

Canadian formulators of this technical should dispose of unwanted active and containers in accordance with municipal and provincial regulations. For additional details and clean up of spills, contact the Provincial Regulatory Agency or the Manufacturer.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Product Act to use this product in a way that is inconsistent with the directions on the label.

ENVIRONMENTAL HAZARDS:

This product is highly toxic to aquatic invertebrates and fish and moderately toxic to birds. Do not contaminate lakes, ponds, rivers, streams, estuaries, oceans or public waters by direct application, cleaning of equipment or disposal of wastes. Open dumping is prohibited.
