ROUNDUP® ADVANCED™
READY-TO-USE
WITH PULL 'N SPRAY® APPLICATOR

Acetic Acid

GRASS & WEED CONTROL

FAST ACTING

For non-selective control of broadleaf and grassy weeds in and around the garden.

With fast and easy pressure sprayer.

[TEXT FOR INSIDE ARROW]

Pull 'N Spray® Applicator

- **The easier way to apply**
- **No hand fatigue**

[ILLUSTRATION #1]

- Remove sprayer from side carrier and unwrap hose completely.
- Insert plug at end of hose into [spout/knob/opening] on cap until it clicks.
- [Flip up spout./Flip up spout until fully upright./Twist [spout/knob] to "ON"./Pull spout up.]

ILLUSTRATION #2]

- Point sprayer away from body.
- Grasp sprayer by the handle.
- SLOWLY pull ring at bottom of sprayer handle until it stops to ready the sprayer.

[ILLUSTRATION #3]

- Twist nozzle at end of sprayer to adjust spray pattern.

2020-08-04
Sub.No.2020-1550

[ILLUSTRATION #4]

- Press button on sprayer to begin spraying and hold down for continuous spray.
- Pull ring at sprayer bottom again as needed for additional spraying.

APPLICATION DIRECTIONS:

HOW TO APPLY

Follow illustrations and instructions above.

1. Pull sprayer slowly from side carrier on bottle.
2. Twist nozzle at end of sprayer to open.
3. Point sprayer away from body and press sprayer button to begin spraying.
4. Pull ring at base of sprayer as needed to continue spraying.
5. Aim at centre of weed and spray to lightly cover. For most applications, use a coarse spray that can be targeted to uniformly and thoroughly wet only unwanted foliage. Complete coverage is necessary for best results.

DIRECTIONS FOR USE:

No dilution or mixing is required. For best results apply in sunny warm weather to actively growing young weeds less than 10 cm tall. Weeds that are mature, dormant or hardened due to moisture stress tend to be more tolerant to herbicide treatments. Retreatment of large weeds and regrowth of perennial weeds will be required. Only contacted vegetation will be affected. Rainfall or watering within 1 hour of application will reduce degree of control. Do not re-enter or allow entry into the treated area until dry.

CONTAINER USE AND STORAGE DIRECTIONS: *[icon & illustration]*

Follow illustrations and instructions above to ready the sprayer. Pull sprayer slowly from side carrier on bottle. Twist nozzle at end of sprayer to adjust spray pattern. Point sprayer at unwanted weeds or grasses and press sprayer button to begin spraying. Hold down for continuous spray. Pull ring at sprayer bottom again as needed for additional spraying. Completely dispense product in sprayer prior to storage. Twist sprayer nozzle to the OFF position. [Close spout on cap./Flip down spout on cap./Flip spout down to the "flat" position to close./Twist [spout/knob] to "OFF"/Push spout down.] NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP. Place sprayer back in side carrier on bottle with the nozzle facing down. Store this product in its original container in a secure area away from children and pets. Do not put into food or drink containers. Store in a cool, dry place, preferably in a locked storage area. To prevent contamination store this product away from food or feed. Protect container from freezing.

Sub.No.2020-1550

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Avoid contact with skin, eyes and clothing. Wash immediately after use. Avoid all contact to desirable plants. Overspray or drift will injure contacted foliage. Avoid application to reactive metals such as aluminum, tin, iron, or items such as fencing or lawn furniture in order to prevent staining, mottling, or otherwise interfering with finished metal surfaces.

FIRST AID:

In case of eye contact, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If on skin or clothing,** take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **If swallowed,** call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

DISPOSAL:

DO NOT reuse the empty containers. Dispose in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

READY TO USE:

Fast acting formula for non-selective spot treatment of individual weeds. Visible effects occur after treatment, and actively growing susceptible weeds are controlled within 1-2 days. Leaves no harmful residue in the soil.

Roundup® Advanced™ Ready-to-Use with Pull 'N Spray® Applicator is recommended for control of undesirable plants in and around the garden, on patios, sidewalks, driveways, under fences and around established trees and shrubs. Use to edge along driveways, sidewalks and to control weeds in gravel and mulch.

Roundup® Advanced™ Ready-to-Use with Pull 'N Spray® Applicator application results in rapid burndown and control of the following annual weeds: common ragweed, chickweed, black medic and lamb's-quarters and topgrowth control of the following perennial weeds:

2020-08-04

Sub.No.2020-1550

dandelion, plantain (broadleaved and narrowleaved), wild carrot and quackgrass.
