DIRECTIONS FOR USE:

Application Instructions:

For outdoor use to control wasps, bees, hornets and yellow jackets in their nests. The best time to spray the product to nests is in late evening or early morning, during cooler temperatures, and when most bees and wasps are at rest inside the nest. Observe for little activity around the nest opening. Spray only if the air is still. Stand at a safe distance of 2 to 2.5 m from the nest. DO NOT stand directly under the nest. Treated insects may fall out of the nest and die. Remove the protective cap and point the spray nozzle in direction of the bee or wasp nest. First, spray into the opening of the nest. Then spray the rest of the nest until it is saturated. Allow sufficient time for insects to die. Wait at least 48 hours or until no signs of activity before removing the nest. Treatment must only be repeated if pest problem persists or reoccurs.

Restrictions:

- For outdoor use only.
- DO NOT apply to any body of water.
- DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.
- Avoid application of this product when winds are gusty.
- DO NOT apply when people, pets or livestock are present.
- DO NOT allow people, pets or livestock to enter treated areas until sprays have dried.
- DO NOT allow spray to drip or allow drift onto non-target surfaces.
- Avoid spraying vegetation and non-target structural surfaces. Hose off any plants or non-target structural surfaces that are contacted with spray with water.
- DO NOT apply to people, pets, livestock or sources of electricity.
- DO NOT contaminate food/feed. DO NOT apply to surfaces that may come into contact with food/feed. Cover or remove all food/feed. Cover all food/feed processing surfaces, equipment and utensils or thoroughly wash following treatment.
- DO NOT use as a space spray or broadcast application.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. May be harmful if swallowed, inhaled or absorbed through skin. Provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. Avoid breathing spray mist. Wash thoroughly with soap and warm water after using.. Do not contaminate food, utensils, food preparation, handling or storage areas. Do not contaminate animal feeding areas. Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat, or store or use above 50°C as container may burst. Do not puncture or incinerate container or spray near open flame or spark, or while smoking. Do not spray asphalt shingles, as this product may stain them.

FIRST AID:

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor.

2019-6717

2020-06-16

Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

IF IN EYES:

Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take the container label or product name and Pest Control Product Registration Number with you when seeking medical attention.

ENVIRONMENTAL PRECAUTIONS

Toxic to aquatic organisms. Toxic to birds. Toxic to bees. Toxic to beneficial insects. Toxic to wildlife.

TOXICOLOGICAL INFORMATION: Treat symptomatically. This product contains petroleum distillates. Vomiting may cause aspiration pneumonia.

DISPOSAL: When container is empty, press button to release all pressure, then dispose in household garbage. Do not puncture or incinerate container.
