**HARMFUL IF ABSORBED THROUGH SKIN**  
**WARNING - EYE IRRITANT**  
**MAY CAUSE SKIN IRRITATION**  
**PREVENT ACCESS BY UNAUTHORIZED PERSONNEL**

Avoid contact with eyes, skin and clothing. Avoid breathing dust. Handle in a ventilated area. Wear body covering clothing, impervious gloves and safety glasses when handling this product. Wash thoroughly with soap and water after handling and before eating or smoking. Remove promptly and wash contaminated clothing before reuse.

**FIRST AID**

**Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.**

**If swallowed:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

**If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

**TOXICOLOGICAL INFORMATION**

If burn is present, treat as any thermal burn after decontamination. Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. If exposed, plasma and red blood cell cholinesterase tests may indicate degree of exposure (baseline data are useful). Atropine, only by injection, is the preferable antidote. Oximes such as Pralidoxime Chloride may be therapeutic if used early; however, use only in conjunction with atropine. In case of severe acute poisoning, use antidote immediately after establishing an open airway and respiration.

**AGRICULTURAL CHEMICAL**

Do not ship or store with food, feeds, drugs or clothing.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, crustaceans and birds. Do not contaminate water by cleaning of equipment or disposal of wastes.

**STORAGE**

Do not contaminate water, food or feed by storage.

**DISPOSAL**

Canadian formulators of this insecticidal concentrate should dispose of unwanted active and containers in accordance with municipal or provincial regulations. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

**DIRECTIONS FOR USE**

Dursban XP insecticidal concentrate may be used only in the manufacture of an insecticide which is registered under the *Pest Control Products Act*. Because of their properties and intended uses, formulations containing Dursban XP insecticidal concentrate may require precautionary labelling differing from that given. Formulators should develop their own use and precautionary labelling based on the properties and intended uses of their own finished formulations and in accordance with all pertinent laws and regulations.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
