(SIDE PANEL) MOUSE ELIMINATOR REG. N0. 24193

**DIRECTIONS:** For use in apartment, houses and other areas where mice present a problem. You may use the box like a bait station. Open the pre-perforated section or place bait approximately 15 to 50g along the wall or where mice travel. Replace any state of moldy bait with new bait every 15 days. Maintain bait supply until all sights of feeding cease.

**USE LIMITATIONS :**

Bait **MUST** either be placed in tamper-resistant bait stations or in locations not accessible to children, pets or livestock. **DO NOT** place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food.

**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN, PETS AND LIVESTOCK.** May be harmful or fatal if swallowed or absorbed through the skin. Rubber gloves must be worn when handling product and when disposing of dead rodents, unconsumed bait and empty containers. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Wash skin thoroughly with soap and water after handling. Wash contaminated clothing, separately from other laundry, with soap and hot water before reuse. **KEEP AWAY FROM FEED AND FOODSTUFFS.** Keep out of lakes, streams or ponds.

**FIRST AID:** If in eyes, Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. If swallowed, Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**STORAGE :** Store in a cool, dry place away from other chemicals and food or feed. Store product not in use, in original container, in a secure location inaccessible to children and non-target animals. Keep away from fire or open flame or other source of heat.

**DISPOSAL:** Do not reuse empty container. Dispose of spoiled and unused bait and empty box in accordance with household garbage.

**RODENT DISPOSAL:** Dispose of dead rodents in garbage or by burying.

**TOXICOLOGICAL INFORMATION:** This material may reduce the clotting ability of blood and cause bleeding if swallowed or absorbed. Vitamin K<sup>1</sup> in the form of intramuscular or subcutaneous injections, or by oral ingestion are suggested remedial treatments for anticoagulant poisoning. The severity of the case measured by establishing prolonged prothrombin times (P.T.)” will determine appropriate therapy. Monitoring P.T will indicate the necessity of repeated treatments.
