FOR USE ON INDOOR ORNAMENTAL HOUSEPLANTS AND GREENHOUSE ORNAMENTAL PLANTS

To kill aphids, whiteflies, spider mites on African violet, asters, azaleas, begonias, camellias, carnations, chrysanthemums, crassula, dahlias, delphiniums, dogwood, English ivy, Euonymus, Fuchsia, geraniums, gladioli, Kentia palm, laurel, marigold, rhododendron, rose, rubber plant, Snapdragon, stock, wandering Jew and Zinnia. DO NOT apply to plants grown for food or feed (e.g., fruits, vegetables, herbs). **DO NOT** use in commercial greenhouses. When the listed pests first appear, spray to thoroughly cover all foliage, including the upper and lower surfaces of the leaves until damp. **DO NOT** wet plants to the point of runoff or dripping. To enhance effectiveness of this product, apply directly to listed pests whenever possible. **DO NOT** exceed 160 mL per m². Treatment must only be repeated after 7 days if the pest problem persists or recurs. Use with caution on new growth and tender young plants and foliage. Test on one or two leaves to determine safety.

**FOR USE ON OUTDOOR ORNAMENTAL PLANTS
USE LIMITATIONS:**

- **DO NOT** apply to plants grown for food or feed (e.g., fruits, vegetables, herbs).
- **DO NOT** apply to any body of water.
- **DO NOT** contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes
- Avoid application of this product when winds are gusty.

To kill aphids, whiteflies, spider mites on African violets, asters, azaleas, begonias, camellias, carnations, chrysanthemums, crassula, dahlias, delphiniums, dogwoods, English ivy, Euonymus, Fuchsia, geraniums, gladioli, Kentia palm, laurel, marigold, rhododendron, rose, rubber plant, snapdragon, stock, wandering jew, and zinnia: When the listed pests first appear), spray to carefully cover all foliage, including the top and bottom surfaces of the leaves until damp. **DO NOT** wet plants to the point of runoff or dripping. To enhance effectiveness of this product, apply directly to listed pests whenever possible. **DO NOT** exceed 160 mL per m². Treatment must only be repeated after 7 days if the pest problem persists or recurs. Apply in early morning or evening - not in direct sunlight. Spray only when the air is calm and the temperature is below 32°C. Use with caution on new growth and tender young plants and foliage. Test on one or two leaves to determine safety.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. DO NOT apply using stationary or handheld fogging or misting equipment. **DO NOT** apply as a space spray. **DO NOT** use on Maiden Hair Ferns. Avoid contact with skin, eyes and clothing. Avoid inhalation of spray. Wash after use. When spraying indoors, cover fish bowls and remove pets for an hour.

ENVIRONMENTAL PRECAUTIONS

Toxic to aquatic organisms. Toxic to bees. Avoid application around blooming plants. If applications are to be made during the blooming period, limit applications to the evening, when most bees are not foraging. Toxic to beneficial arthropods (which can include predatory and parasitic insects, spiders, and mites). Minimize exposure to non-target areas.

FIRST AID:

If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. **DO NOT** induce vomiting unless told to do so by a poison control centre or doctor. **DO NOT** give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Skin exposure may cause transient sensations (tingling, burning, itching, numbness). Other symptoms of exposure could include respiratory effects (such as cough, respiratory irritation, or shortness of breath), nausea, headache or dizziness. Treat symptomatically

STORAGE: Store this product away from food or feed.

DISPOSAL: DO NOT reuse the empty container. Dispose of in household garbage. Unused or partially used products should be disposed of at provincially or municipally designated hazardous waste disposal sites.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
