KEEP OUT OF REACH OF CHILDREN
AND PREVENT ACCESS BY
UNAUTHORIZED PERSONNEL**

NET CONTENTS: 1 kg

Manufactured by: Bell Laboratories, Inc., 3699 Kinsman Blvd., Madison, WI 53704 USA
Ph.: 608-241-0202

DIRECTIONS FOR USE: To be used only in the manufacture of a rodenticide which is registered under the *Pest Control Products Act*.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. Fatal if swallowed or inhaled. Do not get in eyes, on skin or on clothing. Do not inhale powder. When mixing or handling, wear dust respirator, eye goggles or face shield and wear rubber gloves. Wash arms, hands and face with soap and water after mixing or handling and before eating, drinking, or smoking.

This product is toxic to fish, birds, and wild life. Keep out of lakes, streams or ponds. Do not discharge to surface water or to waste water treatment systems. Do not contaminate any body of water by cleaning of equipment or disposal of wastes. Do not contaminate food or feed. Keep away from feed and foodstuffs.

FIRST AID: **If swallowed,** call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. **If in eyes,** hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If on skin or clothing,** take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. **If inhaled,** move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Technical Bromethalin is not an anticoagulant type of rodenticide. Bromethalin uncouples oxidative phosphorylation in the mitochondria. If swallowed, absorbed or inhaled by humans, domestic animals or pets, this material would likely cause numbness, incoordination and respiratory distress. If ingested, limit absorption by either emesis or gastric lavage. Sublethal symptoms, if present, would be the result of cerebral edema and should be treated accordingly through admission of an osmotic diuretic and corticosteroid.

STORAGE: Keep in original container during storage. Store product in cool, dry, well ventilated place away from seed, feed, fertilizer, or other pesticides. Keep away from fire or open flame, or other source of heat.

DECONTAMINATION AND DISPOSAL: Canadian formulators using this product should dispose of unwanted active and containers in accordance with municipal or provincial regulations. For additional details and clean up of spills contact the Provincial Regulatory Agency or the manufacturer.

NOTICE TO USER: This control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
